East Germans Hail Khrush

Communist Leaders Slated for Parley

BERLIN (AP)—Soviet Premier Nikita Khrushchev arrived in East Berlin today for talks with German Communist leaders that could lead to a new East-West flareup

Khrushchev arrived at Schoenfeld Airfield on the outskirts of Communist-run East Berlin, flying in from the collapsed summit conference in Paris.

He plans discussions with East German Premier Otto Grotewohl and Communist leader Walter Ulbricht. The three are expected to decide their next moves in the critical struggle for Berlin.

Before leaving Paris, Khrushchev reiterated he would attend another summit meeting if the United States "clears away the obstacles which prevented the present conference from going ahead." This referred to his demand that President Eisenhower apologize for the U2 incident.

Khrushchev and East German leaders may decide to sign a separate peace treaty as the Soviet leader warned in Paris he was ready to do. This could lead to serious trouble between East and West.

More likely, the Communist rulers may decide to hold off on a peace treaty, but create difficulties for West Berlin, isolated 110 miles behind the Iron Curtain.

Khrushchev's plane was careful to avoid flying over Chancellor Konrad Adenauer's West Germany. It flew from Paris via Copenhagen.

At the airfield, Khrushchev emerged first from the plane, followed by his defense minister, Marshal Rodion Y. Malinovsky.

Tens of thousands of East Berliners, freed from factories and offices lined Khrushchev's route from the airfield to the resident of East German President Wilhelm Pieck. There were thousands of jack-booted police.

Driver Hurt In Collision

Mrs. Edna Teets, Route 2, Circleville, was slightly injured in a two-car crash on Route 56 about four miles east of here yesterday.

Mrs. Teets had her left shoulder x-rayed at Berger Hospital. She was released.

The other car was driven by Wendell Frazier, 19, Adelphi. He was not hurt.

Both autos were headed east. Mrs. Teets told Deputy Sheriff Charles Felkey that she attempted to make a left turn. She said her car was struck in the side by Frazier's vehicle.

Nervous World Faces Dangerous, Uncertain Future

PARIS (AP)—A nervous world faced a dangerously uncertain future today as hostile chiefs of the United States and the Soviet Union turned away from the East-West battle at the summit to plan their strategies for new cold war conflict.

All hope of a quick cooling of tempers and slow rebuilding of polite relations between Washington and Moscow was dead—buried under a new barrage of insults hurled by Nikita Khrushchev at President Eisenhower.

To Western diplomats surveying the wreckage of the Big-Four conference and the violence of the Soviet Premier's news conference Wednesday, the future looked ominous.

A breakdown of disarmament negotiations, a new crisis over Berlin, a return to bitter propapanda warfare, a Red China flare-up in the Far East were all regarded as possible.

Eisenhower, who scorned to reply at once to Khrushchev's slashing assault, plans to make a TV-Radio report on the summit disaster to the American people soon after he gets home Friday. He is returning by way of Lisbon, Portugal.

The Soviet Premier arranged his homeward journey to Moscow through East Berlin. The German Communist regime planned a rally for him there Friday, giving him a forum for a new tirade against the United States.

British Prime Minister Harold Macmillan, the last of the visiting government heads to say farewell to French President Charles de Gaulle, reports to the House of Commons Friday on the total failure of his summit policy. He had worked persistently for several years to bring the Big Four together again, as they had met at Geneva in 1955.

Macmillan's confident hope was that a meeting at the summit, even without very concrete results, would improve personal relations among the leaders, advance disarmament negotiations, and ease world tensions. He got exactly the opposite result.

Khrushchev Wednesday heaped all blame for the failure on Eisenhower and his refusal to publicly condemn U.S. spy flights over the Soviet Union. In a massive international news conference, punctuated by both boos and cheers, he called Eisenhower an aggressor, a fishy friend, deceitful and likened him to a thief.

While two thousand newsmen watched his televised, spotlighted performance, he thundered in anger, spilled contempt in sarcastic phrases, jabbed his finger at his audience and waved his arms in wrath or seeming triumph.

Sheriff Race Recount Due On Monday

The Pickaway County Board of Elections today scheduled the recount of the Democratic County Sheriff's race in the May 3 primary for 7 p. m. Monday.

The actual count will be made in the election board's courthouse basement office. Sheriff Charles H. Radcliff asked for the recount Monday, 10 minutes before the vote count deadline.

Radcliff, running for his 10th consecutive term, was upset in the primary by a political novice, Walton W. Spangler, Route 1, Stoutsville.

Spangler handed Radcliff, the dean of Ohio lawmen, his first defeat in 30 years. The official vote count was 2,491 - 2,353, a margin of 138 ballots.

• • •

EACH candidate is allowed an attorney to serve as his witness during the recount. There will be four clerks assisting the election board in the recounting of each individual ballot.

Only members of the election board are allowed to handle the ballots. Other than this lineup, the recount is closed to the public.

Upon filing his request, Radcliff was obliged to deposit $450 or $10 for each precinct asked to be recounted He asked that all 45 county and city precincts be recounted.

But Radcliff may stop the recount at any time, as long as the end result isn't changed. If he should happen to overtake Spangler, the recount would continue until the end. Radcliff will be refunded $10 for each precinct not counted.

Kingston-Union Senior Rites Set for Sunday

Baccalaureate services, with the Rev. Vernon Stimpert, pastor of the Kingston Nazarene Church, officiating, will start at 2 p. m. in the school auditorium.

Commencement exercises will start at 8 p. m. in the school auditorium. Dr. Harold Bowers, assistant superintendent of Public Instruction, State Department of Education, will be guest speaker.

Ike Urges: Keep Chin Up

Summit Flop Means Tightening of Belt

LISBON, Portugal (AP)—President Eisenhower said today the wrecking of the summit conference means "we must tighten our belts, keep our chins up" and work harder for peace with justice and freedom.

He spoke informally shortly after receiving a rousing, heart-warming welcome from 250,000 staunchly anti-Communist Portuguese upon arrival here for an overnight stop.

"There is no reason to be dismayed or disheartened. We have had these conditions before in dealing with the Soviets," he said.

"Rather than be dismayed we must tighten our belts, keep our chins up and each of us work a little harder for the great cause of peace with justice and freedom."

Eisenhower spoke to U.S. Embassy workers and members of the U.S. military mission here after riding in an open car through streets lined by thousands of cheering, waving Portuguese.

Crowds showered the presidential procession with confetti from office windows and balconies. Skyrockets exploded all along the line of march from the airport to Downtown Lisbon. Cannons boomed a 21-gun salute.

Eisenhower looked tired after the failure of the summit conference, which he had said before leaving Paris had joined the Western Allies "even closer than before in a determined pursuit of peace with justice in the world."

But despite the gloomy prospects in an anxious world, the President grinned broadly and waved his hat in reply to the cheers of the crowds.

He quickly responded to the warmth after the Soviet chill at the summit.

White House press secretary James C. Hagerty told a news conference he believed the President "feels that it is nice to get away from that sort of stuff." This was an allusion to the tactics of Soviet Premier Nikita Khrushchev in Paris.

Hagerty recalled he had said in Paris that Eisenhower was "completely disgusted and fed up with the antics and tactics of Khrushchev."

Tale of Infidelity Shocks Father-in-Law of Widow

PAINESVILLE, Ohio (AP)—A tale of martial infidelity told here by the beautiful Mrs. Lois Clark in the first-degree murder trial of Floyd E. Hargrove left her father-in-law bowed and shaken.

"I couldn't believe all those things about her until now, when I heard them from her own lips," Carl Clark, 54, a bus driver of Rochester, N. Y., said Wednesday outside the courtroom.

The 31-year-old widow, whose husband, Charles, was slain by a sniper last Christmas Eve at their Mentor home, had just told the court of intimacies with the accused and with three other men.

She testified that before she met Hargrove, a laundry truck driver, in April, 1959, she had affairs with men identified as Chester Brindley, a Willoughby police lieutenant; Harvey Rohr, a Willoughby auto salesman, and Thomas Raymond, a Willowick hairdresser.

"We had vowed to stick by Lois through all this, but now I don't know," Carl Clark continued.

"We had heard all the stories going around, but hadn't believed them until now," he said.

Mrs. Clark testified that she believed she was in love with Hargrove during the time in which, she said, she visited his apartment "about eight times" and he visited her home several times weekly, while her husband was at work in Cleveland. The victim was a junior executive at the Reliance Electric & Engineering Co.

The widow said she and the 35-year-old defendant had decided last November to stop seeing one another. She admitted, however, that they met again later.

During the questioning, Hargrove stared at the floor.

Another witness, John Ozinga Jr of Painesville, employer and close friend of the defendant, testified that Hargrove told him he bought a rifle with the intent to kill Clark, but then became frightened and threw the weapon away.

Ozinga said Hargrove told him he test-fired the rifle on the way from Chardon and then, realizing why he had purchased it, threw it into a woods.

More Pennsy Workers Strike

6,000 Leave Job At Repair Shop

ALTOONA, Pa. (AP)—Some 6,000 Transport Workers Union members walked off the job today at the Altoona repair shops of the Pennsylvania Railroad.

It is by far the largest walkout of TWU members to date in the so-called round-the-clock meetings everywhere along the line.

Officers of Local 2007 and 2017 at Altoona said the temporary restraining order issued by Judge Francis L. Van Dusen of the U.S. District Court in Philadelphia Wednesday night did not apply to them.

Judge Van Dusen directed the union to halt its round-the-clock meetings and avoid a June 6 strike by 25,000 maintenance employes who are members of the transport workers.

Van Dusen signed the order upon the request of the railroad. The board will continue in effect for 10 days. Van Dusen set a hearing for next Tuesday.

Meanwhile, in Washington the National Mediation Board certified to the White House the strike threat by the TWU in a move to avoid an official walkout set for June 6 in the dispute which involves work rules defining job classification and a 35-cents-an-hour wage hike sought by the union.

The board acted under a section of the Railroad Labor Act which provides for appointment by the President of an emergency board when necessary to mediate railway labor disputes. This section delays any strike until after the fact-finding board has made its report.

But in Columbus, Ohio, Michael J. Quill, president of the TWU,

4 Tire Theft Suspects Held In Portsmouth

Four men accused of taking 14 new tires from a service station south of Circleville April 8 were apprehended in Portsmouth this week.

Held by the Scioto County Sheriff's Department are Clarence Costlow, formerly of the Columbus and Ashville area, James Withrow, Ernest King and Raph Perkins, all of the Portsmouth area.

The men are charged with taking tires from the Sam Althouse Service Station on Route 23 about two miles south of here. They also are accused of numerous thefts in the Portsmouth area.

Sheriff Charles H. Radcliff and Deputy Charles Felkey traveled to Portsmouth last night to question. Sheriff Radcliff said Costlow signed a statement admitting the tire theft here.

• • •

ACCORDING to the sheriff, Costlow admitted selling the tires to Charles Jones of Portsmouth for $168. Jones also was arrested by Sheriff C. Russell Burns of Scioto County.

Sheriff Radcliff said the men were arrested on a tip to the Scioto County officers that Jones was buying stolen property. He said Jones confessed the purchases.

Few U.S. Tourists Cancel Soviet Trips

NEW YORK (AP)—There have been some tourist cancellations of trips to the Soviet Union because of events in Paris, but other tourists are adopting a wait-and-see attitude, according to a survey of travel agencies.

Gabriel Reiner, head of the Cosmos Agency, which will send between 1,200 and 1,500 persons to Eastern Eruope this summer, said there had been a few cancellations.

"We're taking our lead from the State Department. They're saying there's no reason to cancel any trips and they're still handling visa application," Reiner said.

Soviet Demand Heads for U.N.

UNITED NATIONS, N.Y. (AP) —Soviet Foreign Minister Andrei A. Gromyko is due here Friday night to take personal command in pressing Soviet charges on American spy flights over the Soviet Union.

Soviet delegate Arkady A. Sobolev told newsmen today that Gromyko sent advance word of his arrival from Paris. The Soviet ambassador said the Soviet Union would submit a resolution at the first meeting of the Security Council.

In requesting the meeting, Gromyko demanded that the 11-nation council take measures to stop the spy flights. He cabled the request from Paris Wednesday night after the summit conference broke down. The dour Communist diplomat is a veteran of cold war wrangling at the U.N.

The Russians charged the U.S. Air Force with aggressive flights against the Soviet Union, creating a threat to universal peace.

Sobolev met today with U.N. Secretary General Dag Hammarskjold and said his delegation had not yet set a specific date for the council session. But in any event the Russians got the jump on a U.S. proposal for international aerial inspection against surprise attack.

The U.S. delegate, Henry Cabot Lodge, planned to go to Washington for weekend consultations with the President and Secretary of State Christian A. Herter.

Sources in a position to know said the United States made no effort to beat the Soviet Union to the punch before the U.N. These sources said the United States wants to avoid any spirit of altercation.

Diplomats at the U.N. privately expressed doubt that the Soviet Union could get the seven votes needed to push a resolution condemning the United States through the council. Only Poland is expected to join the Soviets in voting for the resolution. There was speculation the other nine members would either vote against it or abstain. These nine are Britain, France, Nationalist China, Argentina, Ceylon, Ecuador, Italy, Tunisia and the United States.

In turn the Soviet Union seems sure to veto any U.S. proposal for aerial inspection. Soviet Premier Nikita Khrushchev rejected the proposal during the abortive summit conference in Paris.

Kindergarten Program Cut; Registration Is Tomorrow

Circleville City Schools Superintendent George Hartman today reminded parents of those children who will enter kindergarten next fall that registration day is tomorrow.

One kindergarten teacher, Mrs. Elaine Poling has resigned. The Board of Education has decided to cut the number of kindergartens next year to three, eliminating the class held this year in the Methodist Church.

This will allow only about 180 to take part in the kindergarten program, as compared with about 240 this year.

The board will limit enrollment in kindergarten to those who register tomorrow, unless the number is less than 180. No further enrollment can be accepted, according to Hartman, if 180 students enroll tomorrow.

Registration centers will be Walnut Street School for all pupils residing from Mill St. south. The Franklin Street School for all pupils north of Mill St., including High St., the Bloomdale Addition and Fairview Ave., Sunnyview Drive, Avon Drive, Plus all territory adjacent to the Fairgrounds.

The Atwater School is for all pupils living north of High St. Kindergarten pupils from Knollwood Village will register at the Franklin School.

Kindergarten pupils from Wayne Twp. will register at the Walnut School.

Pupils whose last names begin with the letter "A" through "M" should report for registration from 9 to 11:30 a. m. Those whose last names begin with the letter "N" through "Z" should report for registration from 1 to 3:30 p. m.

There are two requirements for registration. The pupil must be five years old on or before August 31 and a birth certificate must be presented to complete the registration.

Senator Demands Prosecution Of Eaton for Ties to Khrush

WASHINGTON (AP) — Sen. Thomas J. Dodd (D-Conn) called in a Senate speech today for prosecution of Cyrus Eaton, Cleveland, Ohio industrialist, for his dealings with the Soviet Union.

Dodd described Eaton as "well-known apologist for world communism," and "a materialistic, meddlesome, evil old man."

Dodd said Eaton flew to Paris to talk with Soviet Premier Nikita Khrushchev after the collapse of the summit conference.

"I believe this man is violating the law," Dodd said. "Some others may have been doing so as well. I think the attorney general ought to prosecute."

Dodd said the attorney general certainly should "keep a special eye on Mr. Eaton" and prosecute "whenever he violates the letter of the Logan Act, as he so frequently violates its spirit."

The Logan Act forbids private citizens from negotiating with foreign powers with intent to influence U.S. policy. It provides penalties up to three years imprisonment.

Eaton, 76, arrived in Paris today shortly before Khrushchev departed. They talked for about 15 minutes at the airport.

Afterward, Eaton said Khrushchev had expressed confidence that "eventually both his country and mine would reach a position of understanding and friendship."

Eaton also quoted Khrushchev as saying he wished all capitalists "had my point of view."

Eaton has long been a critic of some aspects of U. S. policy and has declared that Americans need to reappraise themselves and their systems of philosophy and government. He has repeatedly called for better understanding between the United States and the Soviet Union.

On May 3, the Soviets awarded Eaton their Lenin Peace Prize.

Eaton's acquaintance with the Soviet Premier began in 1958 when Eaton visited Moscow.

Teachers Urged To Wield Strap

LONG BEACH, Calif. (AP) — Teachers should have a strap handy to keep discipline in public schools, says Municipal Judge Charles T. Smith.

"Today a great many families are ignoring discipline in the home on the theory that the schools are doing it," Judge Smith said Wednesday. "But teachers are not meting out punishment because boards of education frown on it. It's a vicious circle."

Smith sentenced a parent to five days in jail for slapping a teacher.

Chester Says He Plans To Abandon Mr. Dillon

HOLLYWOOD (AP) — Mister Dillon will have another sidekick after next season on the "Gunsmoke" TV series. Chester is quitting.

"I'm very fond of Chester, but I've gone about as far as I can go with him in development," said Dennis Weaver, who plays Marshal Dillon's assistant. He told CBS Wednesday that he'll look for his own show when his 6-year contract expires after the 1960-61 season.

New Satellites To Scan Soviet

Camera, TV Carriers Are Superior to U2

LOS ANGELES (AP) — President Eisenhower has ordered an end to U2 spy plane flights—but the Samos reconnaisance satellite is coming up.

This country is so far along with its Samos program that the first of a planned network of them should be circling the earth within the next four months.

Experts say it will do a far more effective job than the U2 could—and will be much harder to knock down.

"We have done a number of things to lessen the vulnerability of Samos satellites," an Air Force officer disclosed in an exclusive interview. "I won't say what those things are, but Samos will not be an easy target."

The high-ranking officer, who declined use of his name, said there had been no speedup in the Samos program since the U2 incident because Samos had a top priority.

The Samos satellites, containing photographic and television equipment, will be boosted into polar orbit by Atlas missiles from launch pads at Point Arguello, 150 miles north of Los Angeles.

Whirling around the earth's poles, they will be able to scan every square mile of the earth's surface and relay to Allied ground stations the location of Soviet missile sites and any unusual concentration of troops or war materiel.

Some Samos cameras will be designed to focus on objects that are relatively small from their altitude of 100 to 400 miles—such as missiles on launch pads. Others will be designed to scan wide areas of territory.

Each satellite probably will be able both to take films for later study and to televise scenes immediately.

Missilemen on opposite coasts of Florida apparently have solved problems which plagued the Polaris submarine missile and Bomarc-A antiaircraft rocket.

Polaris flashed from an underground tube at Cape Canaveral and raced 1,000 miles in a successful test of a compressed air launch on the weapon's inertial guidance system. At Eglin Air Force Base on the northwest coast, three Bomarc-A's demonstrated their ability to intercept flying targets.

The Polaris flight was the first inertial-guided test from a tube since two shipboard launchings in March and April failed to achieve all objectives due to second-stage troubles. The Navy said all objectives were achieved Wednesday.

There were indications another inertial firing may be tried soon from the ship, the USS Observation Island. Compressed air ejects the missile from the tube and it ignites about 70 feet above ground, just as it will when fired from a submerged submarine.

Within two months, Polaris launchings will be attempted from the first of the Polaris subs, the George Washington. The Navy plans to have the missile operational this fall.

Earlier this year, congressional investigations revealed that only one of 10 Bomarc-A's had successfully intercepted an airborne target. The three launchings Wednesday at Santa Rosa Island brought total Bomarc-A successes in a week to five.

The Air Force said all three Bomarcs successfully intercepted target missiles.

Klumpp Execution Set for June 17

COLUMBUS, Ohio (AP) — The Ohio Supreme Court has dismissed the appeal of Mrs. Edythe Klumpp from her death sentence for the slaying of her lover's estranged wife, and has set her execution date for June 17.

Mrs. Klumpp, 43, a divorcee, was convicted of the first-degree murder of Mrs. Louise Bergen, 32, in Cincinnati on Oct. 30, 1958. At her trial she admitted burning Mrs. Bergen's body at Lake Cowan in Clinton County the day after the fatal shooting. Later she blamed the slaying on Mrs. Bergen's husband, William.

Mrs. Klumpp's previous execution date was May 26.

PAINESVILLE, Ohio (AP)—A tale of martial infidelity told here by the beautiful Mrs. Lois Clark in the first-degree murder trial of Floyd E. Hargrove left her father-in-law bowed and shaken.

"I couldn't believe all those things about her until now, when I heard them from her own lips," Carl Clark, 54, a bus driver of Rochester, N. Y., said Wednesday outside the courtroom.

The 31-year-old widow, whose husband, Charles, was slain by a sniper last Christmas Eve at their Mentor home, had just told the court of intimacies with the accused and with three other men.

She testified that before she met Hargrove, a laundry truck driver, in April, 1959, she had affairs with men identified as Chester Brindley, a Willoughby police lieutenant; Harvey Rohr, a Willoughby auto salesman, and Thomas Raymond, a Willowick hairdresser.

"We had vowed to stick by Lois through all this, but now I don't know," Carl Clark continued.

"We had heard all the stories going around, but hadn't believed them until now," he said.

Mrs. Clark testified that she believed she was in love with Hargrove during the time in which, she said, she visited his apartment "about eight times" and he visited her home several times weekly, while her husband was at work in Cleveland. The victim was a junior executive at the Reliance Electric & Engineering Co.

The widow said she and the 35-year-old defendant had decided last November to stop seeing one another. She admitted, however, that they met again later.

During the questioning, Hargrove stared at the floor.

Another witness, John Ozinga Jr of Painesville, employer and close friend of the defendant, testified that Hargrove told him he bought a rifle with the intent to kill Clark, but then became frightened and threw the weapon away.

Ozinga said Hargrove told him he test-fired the rifle on the way from Chardon and then, realizing why he had purchased it, threw it into a woods.

More Pennsy Workers Strike

6,000 Leave Job At Repair Shop

ALTOONA, Pa. (AP)—Some 6,000 Transport Workers Union members walked off the job today at the Altoona repair shops of the Pennsylvania Railroad.

It is by far the largest walkout of TWU members to date in the so-called round-the-clock meetings everywhere along the line.

Officers of Local 2007 and 2017 at Altoona said the temporary restraining order issued by Judge Francis L. Van Dusen of the U.S. District Court in Philadelphia Wednesday night did not apply to them.

Judge Van Dusen directed the union to halt its round-the-clock meetings and avoid a June 6 strike by 25,000 maintenance employes who are members of the transport workers.

Van Dusen signed the order upon the request of the railroad. The board will continue in effect for 10 days. Van Dusen set a hearing for next Tuesday.

Meanwhile, in Washington the National Mediation Board certified to the White House the strike threat by the TWU in a move to avoid an official walkout set for June 6 in the dispute which involves work rules defining job classification and a 35-cents-an-hour wage hike sought by the union.

The board acted under a section of the Railroad Labor Act which provides for appointment by the President of an emergency board when necessary to mediate railway labor disputes. This section delays any strike until after the fact-finding board has made its report.

But in Columbus, Ohio, Michael J. Quill, president of the TWU,

4 Tire Theft Suspects Held In Portsmouth

Four men accused of taking 14 new tires from a service station south of Circleville April 8 were apprehended in Portsmouth this week.

Held by the Scioto County Sheriff's Department are Clarence Costlow, formerly of the Columbus and Ashville area, James Withrow, Ernest King and Raph Perkins, all of the Portsmouth area.

The men are charged with taking tires from the Sam Althouse Service Station on Route 23 about two miles south of here. They also are accused of numerous thefts in the Portsmouth area.

Sheriff Charles H. Radcliff and Deputy Charles Felkey traveled to Portsmouth last night to question. Sheriff Radcliff said Costlow signed a statement admitting the tire theft here.

• • •

ACCORDING to the sheriff, Costlow admitted selling the tires to Charles Jones of Portsmouth for $168. Jones also was arrested by Sheriff C. Russell Burns of Scioto County.

Sheriff Radcliff said the men were arrested on a tip to the Scioto County officers that Jones was buying stolen property. He said Jones confessed the purchases.

Few U.S. Tourists Cancel Soviet Trips

NEW YORK (AP)—There have been some tourist cancellations of trips to the Soviet Union because of events in Paris, but other tourists are adopting a wait-and-see attitude, according to a survey of travel agencies.

Gabriel Reiner, head of the Cosmos Agency, which will send between 1,200 and 1,500 persons to Eastern Eruope this summer, said there had been a few cancellations.

"We're taking our lead from the State Department. They're saying there's no reason to cancel any trips and they're still handling visa application," Reiner said.

Lausche Is Honored

WASHINGTON (AP) — Americans for Constitutional Action listed Sen. Frank J. Lausche (D-Ohio) today as having "consistently supported sound money, local self-government and free enterprise."

Soviet Demand Heads for U.N.

UNITED NATIONS, N.Y. (AP)—Soviet Foreign Minister Andrei A. Gromyko is due here Friday night to take personal command in pressing Soviet charges on American spy flights over the Soviet Union.

Soviet delegate Arkady A. Sobolev told newsmen today that Gromyko sent advance word of his arrival from Paris. The Soviet ambassador said the Soviet Union would submit a resolution at the first meeting of the Security Council.

In requesting the meeting, Gromyko demanded that the 11-nation council take measures to stop the spy flights. He cabled the request from Paris Wednesday night after the summit conference broke down. The dour Communist diplomat is a veteran of cold war wrangling at the U.N.

The Russians charged the U.S. Air Force with aggressive flights against the Soviet Union, creating a threat to universal peace.

Sobolev met today with U.N. Secretary General Dag Hammarskjold and said his delegation had not yet set a specific date for the council session. But in any event the Russians got the jump on a U.S. proposal for international aerial inspection against surprise attack.

The U.S. delegate, Henry Cabot Lodge, planned to go to Washington for weekend consultations with the President and Secretary of State Christian A. Herter.

Sources in a position to know said the United States made no effort to beat the Soviet Union to the punch before the U.N. These sources said the United States wants to avoid any spirit of altercation.

Diplomats at the U.N. privately expressed doubt that the Soviet Union could get the seven votes needed to push a resolution condemning the United States through the council. Only Poland is expected to join the Soviets in voting for the resolution. There was speculation the other nine members would either vote against it or abstain. These nine are Britain, France, Nationalist China, Argentina, Ceylon, Ecuador, Italy, Tunisia and the United States.

In turn the Soviet Union seems sure to veto any U.S. proposal for aerial inspection. Soviet Premier Nikita Khrushchev rejected the proposal during the abortive summit conference in Paris.

Kindergarten Program Cut; Registration Is Tomorrow

Circleville City Schools Superintendent George Hartman today reminded parents of those children who will enter kindergarten next fall that registration day is tomorrow.

One kindergarten teacher, Mrs. Elaine Poling has resigned. The Board of Education has decided to cut the number of kindergartens next year to three, eliminating the class held this year in the Methodist Church.

This will allow only about 180 to take part in the kindergarten program, as compared with about 240 this year.

The board will limit enrollment in kindergarten to those who register tomorrow, unless the number is less than 180. No further enrollment can be accepted, according to Hartman, if 180 students enroll tomorrow.

Registration centers will be Walnut Street School for all pupils residing from Mill St. south. The Franklin Street School for all pupils north of Mill St., including High St., the Bloomdale Addition and Fairview Ave., Sunnyview Drive, Avon Drive, Plus all territory adjacent to the Fairgrounds.

The Atwater School is for all pupils living north of High St. Kindergarten pupils from Knollwood Village will register at the Franklin School.

Kindergarten pupils from Wayne Twp. will register at the Walnut School.

Pupils whose last names begin with the letter "A" through "M" should report for registration from 9 to 11:30 a. m. Those whose last names begin with the letter "N" through "Z" should report for registration from 1 to 3:30 p. m.

There are two requirements for registration. The pupil must be five years old on or before August 31 and a birth certificate must be presented to complete the registration.

Senator Demands Prosecution Of Eaton for Ties to Khrush

WASHINGTON (AP) — Sen. Thomas J. Dodd (D-Conn) called in a Senate speech today for prosecution of Cyrus Eaton, Cleveland, Ohio industrialist, for his dealings with the Soviet Union.

Dodd described Eaton as "well-known apologist for world communism," and "a materialistic, meddlesome, evil old man."

Dodd said Eaton flew to Paris to talk with Soviet Premier Nikita Khrushchev after the collapse of the summit conference.

"I believe this man is violating the law," Dodd said. "Some others may have been doing so as well. I think the attorney general ought to prosecute."

Dodd said the attorney general certainly should "keep a special eye on Mr. Eaton" and prosecute "whenever he violates the letter of the Logan Act, as he so frequently violates its spirit."

The Logan Act forbids private citizens from negotiating with foreign powers with intent to influence U.S. policy. It provides penalties up to three years imprisonment.

Eaton, 76, arrived in Paris today shortly before Khrushchev departed. They talked for about 15 minutes at the airport.

Afterward, Eaton said Khrushchev had expressed confidence that "eventually both his country and mine would reach a position of understanding and friendship."

Eaton also quoted Khrushchev as saying he wished all capitalists "had my point of view."

Eaton has long been a critic of some aspects of U. S. policy and has declared that Americans need to reappraise themselves and their systems of philosophy and government. He has repeatedly called for better understanding between the United States and the Soviet Union.

On May 3, the Soviets awarded Eaton their Lenin Peace Prize.

Eaton's acquaintance with the Soviet Premier began in 1958 when Eaton visited Moscow.

Teachers Urged To Wield Strap

LONG BEACH, Calif. (AP) — Teachers should have a strap handy to keep discipline in public schools, says Municipal Judge Charles T. Smith.

"Today a great many families are ignoring discipline in the home on the theory that the schools are doing it," Judge Smith said Wednesday. "But teachers are not meting out punishment because boards of education frown on it. It's a vicious circle."

Smith sentenced a parent to five days in jail for slapping a teacher.

Chester Says He Plans To Abandon Mr. Dillon

HOLLYWOOD (AP) — Mister Dillon will have another sidekick after next season on the "Gunsmoke" TV series. Chester is quitting.

"I'm very fond of Chester, but I've gone about as far as I can go with him in development," said Dennis Weaver, who plays Marshal Dillon's assistant. He told CBS Wednesday that he'll look for his own show when his 6-year contract expires after the 1960-61 season.

New Satellites To Scan Soviet

Camera, TV Carriers Are Superior to U2

LOS ANGELES (AP) — President Eisenhower has ordered an end to U2 spy plane flights—but the Samos reconnaisance satellite is coming up.

This country is so far along with its Samos program that the first of a planned network of them should be circling the earth within the next four months.

Experts say it will do a far more effective job than the U2 could—and will be much harder to knock down.

"We have done a number of things to lessen the vulnerability of Samos satellites," an Air Force officer disclosed in an exclusive interview. "I won't say what those things are, but Samos will not be an easy target."

The high-ranking officer, who declined use of his name, said there had been no speedup in the Samos program since the U2 incident because Samos had a top priority.

The Samos satellites, containing photographic and television equipment, will be boosted into polar orbit by Atlas missiles from launch pads at Point Arguello, 150 miles north of Los Angeles.

Whirling around the earth's poles, they will be able to scan every square mile of the earth's surface and relay to Allied ground stations the location of Soviet missile sites and any unusual concentration of troops or war materiel.

Some Samos cameras will be designed to focus on objects that are relatively small from their altitude of 100 to 400 miles—such as missiles on launch pads. Others will be designed to scan wide areas of territory.

Each satellite probably will be able both to take films for later study and to televise scenes immediately.

Missilemen on opposite coasts of Florida apparently have solved problems which plagued the Polaris submarine missile and Bomarc-A antiaircraft rocket.

Polaris flashed from an underground tube at Cape Canaveral and raced 1,000 miles in a successful test of a compressed air launch on the weapon's inertial guidance system. At Eglin Air Force Base on the northwest coast, three Bomarc-A's demonstrated their ability to intercept flying targets.

The Polaris flight was the first inertial-guided test from a tube since two shipboard launchings in March and April failed to achieve all objectives due to second-stage troubles. The Navy said all objectives were achieved Wednesday.

There were indications another inertial firing may be tried soon from the ship, the USS Observation Island. Compressed air ejects the missile from the tube and it ignites about 70 feet above ground, just as it will when fired from a submerged submarine.

Within two months, Polaris launchings will be attempted from the first of the Polaris subs, the George Washington. The Navy plans to have the missile operational this fall.

Earlier this year, congressional investigations revealed that only one of 10 Bomarc-A's had successfully intercepted an airborne target. The three launchings Wednesday at Santa Rosa Island brought total Bomarc-A successes in a week to five.

The Air Force said all three Bomarcs successfully intercepted target missiles.

Klumpp Execution Set for June 17

COLUMBUS, Ohio (AP) — The Ohio Supreme Court has dismissed the appeal of Mrs. Edythe Klumpp from her death sentence for the slaying of her lover's estranged wife, and has set her execution date for June 17.

Mrs. Klumpp, 43, a divorcee, was convicted of the first-degree murder of Mrs. Louise Bergen, 32, in Cincinnati on Oct. 30, 1958. At her trial she admitted burning Mrs. Bergen's body at Lake Cowan in Clinton County the day after the fatal shooting. Later she blamed the slaying on Mrs. Bergen's husband, William.

Mrs. Klumpp's previous execution date was May 26.

Ohio GOP Chieftain Warns Hard Work Faces His Party

COLUMBUS, Ohio (AP)—"It is going to take a lot of hard work and the most intensive campaign in our history to come out on top in the November election," says Ohio Republican Chairman Ray C. Bliss.

But the chairman said he feels that Ohio Republicans will carry the state for Vice President Richard M. Nixon, presidential candidate, and the Ohio House of Representatives.

It would require "almost a perfect campaign," however, to swing control of the Ohio Senate to the Republicans, Bliss admitted. Both houses of the State Legislature now are Democratic-controlled.

Bliss made his remarks after an organizational meeting of the Republican State Central and Executive Committees Wednesday.

The Democrats under Gov. Michael V. DiSalle are building "a more enthusiastic state organization," Bliss commented. A Republican victory will require a better-financed campaign, he said.

He said the GOP hopes to increase its contributions to the 23 Ohio congressional campaigns as well as those in the Legislature and for state auditor—the only constitutional office at stake in the election.

Bliss said a flat amount will be allocated for each of the three seats on the Ohio Supreme Court at stake in the election. Former GOP Gov. C. William O'Neill is running for one of these.

Bliss was unanimously elected to his sixth two-year term as state GOP chairman. The job pays $18,000 a year. Also re-elected at the session were Mrs. Florence G. Morris of Toledo, for her seventh term as vice-chairman of the combined committees, and Mrs. Lila Black of Avon as secretary.

Willis D. Gradison of Cincinnati is the new treasurer of the Ohio Republican Party. He succeeds B. Lewis Jones of Thurman (Gallia County). Jones was defeated for re-election as a state central committeeman.

The committee set the Republican state convention for Sept. 12. Bliss said he did not know whether Nixon would keynote the meeting as he did in 1952 and 1956.

Bliss said the Ohio delegation will organize in June for the Republican national convention slated for July 25 in Chicago. The 56-member delegation is pledged solidly to Nixon.

said he has been advised by legal experts that nothing can halt the strike. He added he expects the strike to cause the operations of the nation's largest railroad "to grind to a halt."

Quill said the basic goal for which the TWU is fighting is "job security" for its members. He said the basic cause of the strike "is the company's desire to work men out of classification and to pave the way for automation."

Quill accused the Pennsylvania Railroad of making railroad communities along the system "ghost towns." He said the company in the last four years has laid off about 12,000 men throughout the system. These men cannot go to other jobs because they will lose all their pension benefits.

Quill said the men are not reluctant to strike because "they know that by next year they won't have any jobs to strike from."

arate peace treaty with East Germany. He forecast the Western allies would lose their rights in West Berlin. But he did not set a deadline for a Berlin showdown. He acclaimed the Castro government in Cuba. He predicted more Latin-American countries would rise against "American imperialism."

Through the spectacle, which ran two hours and 20 minutes with translation from Russian to French and English, Marshal Rodion Y. Malinovsky, the Soviet defense minister, sat beside the Premier. Western diplomats thought Malinovsky's constant attendance on Khrushchev during his Paris stay was highly significant: A reminder of Soviet military might and possibly a watchdog sent by Kremlin advocates of a tough policy to see that Khrushchev did not plug his previous peaceful coexistence line even in private talks.

While Khrushchev met the press Eisenhower, Macmillan and De Gaulle met at the Elysee Palace with their foreign ministers and discussed "the international situation now prevailing." They issued no statement.

Lady Driver Is Sentenced

Cases handled in Circleville Municipal Court yesterday and today included a Columbus woman arrested for driving under the influence of intoxicants.

The charge was against Leora M. Osborn, 26, Columbus. Arrested by city police, she was fined $125 and costs, sentenced to three days in jail and had her driving rights suspended for six months.

Two other drivers cited by local police were:

Betty Cantrell, 21, Fourth St.; $30 and costs for reckless operation.

William E. Larue, 24, Route 1, Ashville; $30 and costs for no valid operator's license.

* * *

TWO motorists arrested by the State Highway Patrol were:

Robert Miles, 18, Columbus; $10 and costs for no muffler.

Helen M. Wortman, 24, Columbus; $29 bond forfeiture for speeding at 75 miles per hour in a 50 mile zone.

Ohio GOP Chieftain Warns Hard Work Faces His Party

COLUMBUS, Ohio (AP)—"It is going to take a lot of hard work and the most intensive campaign in our history to come out on top in the November election," says Ohio Republican Chairman Ray C. Bliss.

But the chairman said he feels that Ohio Republicans will carry the state for Vice President Richard M. Nixon, presidential candidate, and the Ohio House of Representatives.

It would require "almost a perfect campaign," however, to swing control of the Ohio Senate to the Republicans, Bliss admitted. Both houses of the State Legislature now are Democratic-controlled.

Bliss made his remarks after an organizational meeting of the Republican State Central and Executive Committees Wednesday.

The Democrats under Gov. Michael V. DiSalle are building "a more enthusiastic state organization," Bliss commented. A Republican victory will require a better-financed campaign, he said.

He said the GOP hopes to increase its contributions to the 23 Ohio congressional campaigns as well as those in the Legislature and for state auditor—the only constitutional office at stake in the election.

Bliss said a flat amount will be allocated for each of the three seats on the Ohio Supreme Court at stake in the election. Former GOP Gov. C. William O'Neill is running for one of these.

Bliss was unanimously elected to his sixth two-year term as state GOP chairman. The job pays $18,000 a year. Also re-elected at the session were Mrs. Florence G. Morris of Toledo, for her seventh term as vice-chairman of the combined committees, and Mrs. Lila Black of Avon as secretary.

Willis D. Gradison of Cincinnati is the new treasurer of the Ohio Republican Party. He succeeds B. Lewis Jones of Thurman (Gallia County). Jones was defeated for re-election as a state central committeeman.

The committee set the Republican state convention for Sept. 12. Bliss said he did not know whether Nixon would keynote the meeting as he did in 1952 and 1956.

Bliss said the Ohio delegation will organize in June for the Republican national convention slated for July 25 in Chicago. The 56-member delegation is pledged solidly to Nixon.

said he has been advised by legal experts that nothing can halt the strike. He added he expects the strike to cause the operations of the nation's largest railroad "to grind to a halt."

Quill said the basic goal for which the TWU is fighting is "job security" for its members. He said the basic cause of the strike "is the company's desire to work men out of classification and to pave the way for automation."

Quill accused the Pennsylvania Railroad of making railroad communities along the system "ghost towns." He said the company in the last four years has laid off about 12,000 men throughout the system. These men cannot go to other jobs because they will lose all their pension benefits.

Quill said the men are not reluctant to strike because "they know that by next year they won't have any jobs to strike from."

Should Check Brain Fuse

Future generations of human beings undoubtedly will develop additional mechanical robots to aid them in their chores, but they may also find it necessary to protect themselves against electrical control by an enemy employing brain "radio" signals.

That the human brain emits sounds in the form of small electric currents has been known for some time, but scientists are still puzzled as to the reason for the brain current is a by-product of a world filled with electricity, or has some definite body purpose, is not known. Continuing research is leading closer to the conclusion that behavior is influenced, if not controlled, by this miniature electrical system.

Cats, implanted with miniature electrodes, are being studied in a comprehensive series of tests at the University of California to determine the extent to which norman animal behavior is regulated. Preliminary experts have shown a correlation between electrical impulses and various types of behavior, but the tests now being conducted cover a cat's reactions to fear, sleep, exercise, food and hunger.

Charted on an electroencephalograph — an electronic detecting device — a comparison of the impulses reported by the electrodes with the behavior of the test animals is expected to reveal the secret of animal electrical systems.

If a definite link can be established between the brain's electrical transmitter and the body's behavior, new possibilities will be opened in the solving of many social problems. One might also blame a lapse of memory on a power failure which has temporarily caused an interruption in the picture transmission.

For Colds, Try Hexylphlojulep

By Hal Boyle

NEW YORK (AP)—So you are just waiting your turn at the office water cooler, and you sneeze, and a friend says:

"You got a spring cold. If I were you, I'd take some hexylthe pharmacist says, "hexylphlo-

"What's that?"

"A new miracle drug. Knocks out a cold before it gets started."

So you go to the drug store and the pharmacist says, "hexylphl-o julep? Sure. It's $8 an ounce. A word of warning: This is a very powerful medicine. If you get any side effects, better discontinue it at once."

"What do you mean—side effects?"

"Well, for example, you might hear strange sounds."

"Then you go over to the soda cooler, get a glass of water and take a big gulp of medicine. The next thing you hear is a plaintive voice in your head saying, "I am Judge Crater. Where is everybody?"

Unnerved, you throw the medicine away.

You should have learned your lesson by now, but you haven't. Over the next five days you try the following sure-cure cold remedies suggested by office pals:

1. Drinking cold buttermilk while taking a hot shower.

2. A jar of pickled herring mixed with equal parts of honey and lemon.

3. Three glasses daily of a concoction made up of bourbon, vinegar, and a tablespoonful of bicarbonate of soda.

4. A bedtime slug made of equal parts of vodka, epsom salts and maple syrup.

5. A mixture made by stirring a few drops or pills from every bottle in your medicine cabinet into a glass of steaming sauerkraut juice.

On the eighth day you collapse at your desk. You wake up to find yourself in a hospital, and a doctor standing beside you just putting down a stomach pump.

"Is my cold any better, Doc?" you ask weakly.

"Cold?" he replies, puzzled. "You don't have any cold. What you do have is one of the worst cases of stomach fatigue in the history of medicine."

The trouble is that the rest of your life you are left wondering about which remedy really worked. How did you cure your cold?

Demo Race May Be Startler

By George Sokolsky

The Kennedy campaign rolls on. It is dirty pool to suggest that Kennedy wealth is playing an extraordinary role in this campaign, just as it would be unfair to say that Rockefeller money bought Nelson Rockefeller a career.

The fact is that in politics money can be a handicap because the public generally distrusts sons of rich fathers, assuming that they are playboys in disguise, and also many who would support the rich man fear the accusation of bribery.

Whereas the log cabin has disappeared from American life, the rich man still has trouble going through the eye of a needle. On the other hand, every candidate requires money and gets it where he can.

John Kennedy won West Virginia by a masterly battle not as a popularity contest but to assert the postulate that he, a Roman Catholic, could carry a state which is 95 per cent Protestant. The reason that West Virginia was so important was that the argument had been employed, with considerable substance, that a Catholic could not be elected President of the United States. Had Kennedy failed in West Virginia, he would undoubtedly have left the race.

Some believe that Hubert Humphrey will throw his delegates to Adlai Stevenson. Those who so say have no understanding of the mechanism of a political convention. A candidate cannot sling his votes to another. That has never happened. He releases the votes pledged to him and always deals had previously been made as to what is to be done with those votes.

There are delegations pledged to candidates on the first, the third and the fourth and fifth ballots. If John Kennedy does not take the nomination on the first ballot, he may lose votes, unless he has pledges for succeeding ballots. The popular appeal now is not the telling factor; that has been established.

What matters now is the decision of the party leaders, men of sharp practicality as to whether John Kennedy can defeat Richard Nixon.

There are numerous Park Avenue Liberals all over the country who are trying hard to restore the candidacy of Governor Nelson Rockefeller. Few of them quite understand the formation of delegations. Few of them are Republicans in the sense that they belong to any type of party organization. Some of the leaders in the pro-Rockefeller movement have also bespoken Vice President Nixon as their candidate. In a word, they are ambidextrous which in politics is like being a double agent. The Rockefeller proposition that he be chosen has never had professional support.

The Democrats discount this slight recrudescence of Rockefeller. He had his day. Instead of putting up a manly fight as John Kennedy did, Rockefeller canvassed the country, saw that he could not make it and withdrew. He studied the polls and made no serious effort to prove them wrong. Kennedy did just that in West Virginia. In politics, the candidate who lacks the courage to make an upstanding fight is passed by.

I once witnessed Rockefeller and Kennedy speaking from the same platform on practically the same subject. Having witnessed that spectacle, I concluded that in a campaign, when a candidate must be fast in thought and speech, Kennedy could best Rockefeller with ease.

On this particular occasion, many of the politicians who vote in conventions were present and the consensus was unfavorable to Rockefeller. The Democratic politicians will take this and similar data into consideration when they choose the Democratic candidate. Their assumption is that he will have to run against Richard Nixon who has certain advantages.

John Kennedy needs 761 votes to be nominated. It looks at this moment that he has between 550 and 600. That is not enough. Unless there is a runaway blitz for him, such as Thomas E. Dewey engineered for General Eisenhower in 1952, Kennedy does not have enough votes for the first ballot. On the other hand, he has plenty of time to fill in gaps.

The contender against Kennedy who, at this moment, figures importantly is Sen. Lyndon Johnson, leader of the Democrats in the Senate, who is likely to have 500 votes. Neither John Kennedy nor Lyndon Johnson has precisely enough votes to be nominated. If neither of them receives 761 votes by, say, the third ballot, the Democratic Convention could become a surprising auction.

LAFF-A-DAY

Childhood Cancer Not Rare

By Herman N. Bundesen, M.D.

While cancer is generally thought of as a disease of adults, particularly of the elderly, it does take a considerable toll among children.

In fact, statistics indicate it is second only to accidents as a cause of death among children.

And, unfortunately, the incidence of childhood cancer appears to be increasing. This is particularly true as far as leukemia — generally described as cancer of the blood — is concerned.

There are reasons, of course, for this increase. And we think we know what one of the primary reasons is.

We believe that the decrease in the number of deaths from the infectious diseases such as pneumonia, diphtheria, tuberculosis and the like, means that more children are living longer now to contract cancer.

The same reasoning apparently applies to the increase in cancer cases among the elderly during the last few decades.

Moreover, many children are born with malignant tumors.

We also are detecting many more cases of cancer among children than we lid heretofore.

Approximately 12 per cent of all deaths between the ages of one and 14 can be traced to some form of cancer. More than half of the cases of leukemia begin before the age of five.

Childhood cancer is somewhat different from the disease usually found in adults in that it often occurs in sites seldom involved in adult cancer.

In children, a malignancy is more likely to develop in the blood-forming, or hematopoietic, system, the central and sympathetic nervous system, the bone, kiney, adrenal glands and the sogt tissues.

Obviously, thorough physical checkups are just as important for children as they are for adults. I believe they are even more important.

Any solid mass or lump, whether it is noticed in a child or in an adult, should be be investigates at once. Chances are it may not be cancerous. But it just doesn't pay to take any chances.

The earlier cancer is discovered, as I have said so many times before, the better chance it has of being cured. Many kinds of cancer can be cured, if we detect them in time.

Question and Answer

J. A. T.: I am 60 years old and often find myself short of breath.

Can you tell me if there is anything I can do to change this condition?

Answer: Shortness of breath may be due to a failing heart, some lung condition or asthma.

You should see your doctor at once; much can be done to help.

Sit-in Demonstrations Get Support at OSU

COLUMBUS, Ohio (AP)—About 600 Ohio State University students and faculty members staged a campus rally Tuesday in support of the sit-in demonstrations being put on by students in the South. The day also marked the sixth anniversary of the U.S. Supreme Court's decision outlawing segregation.

The World Today

By James Marlow

WASHINGTON (AP) — Premier Nikita Khrushchev is such a ham he'd go good in a delicatessen window. But he's no windbag. The West made its mistake in treating him as one.

The deepest danger in dealing with him—one the West had to learn the hard way—is that he doesn't play according to Western rules. That's what makes him unpredictable.

His performance at the Paris summit meeting and particularly his name-calling — he likened President Eisenhower to a thief—shocked the West which judges by its own yardstick.

Western statesmen are polite, frigidly dignified when angry, and great believers in the traditional, which means formal, way of chastising people who offend them. They wear dignity like a charm to ward off voodoo.

In contrast: What Western statesman would ever in public call Nazi sympathizers what Khrushchev did Wednesday at a news conference? The Russian word he used came out in various translations as riffraff, louts and bastards. Western statesmen might think such terms, but they wouldn't say them.

The kind of diplomatic omelette Khrushchev whips up is ham mixed with anger.

For example: His fish-wife argument with Vice President Richard M. Nixon in Moscow; his temper-tantrums in Hollywood; his verbal brawl with labor leaders; his wearing a longshoreman's cap in San Francisco.

His biggest hamming is in his timing: His arrival in Washington last September came just as the Soviets fired a moon shot; He arrived at the summit meeting as the Soviets launched a space ship.

But the West had to suffer one shock after another before it learned—if it has learned, even now—that his hamming has nothing to do with his serious intentions and that therefore he can't be treated lightly or with contempt.

Ever since November 1958, he had insisted the West must get its troops out of West Berlin or face the prospect of his shutting the city off from the West entirely.

He used this threat as blackmail to get the Western leaders to the Paris summit meeting with him. He may have had some other reasons for wanting a summit. Perhaps he genuinely wanted easing of tensions so the Soviet Union could develop faster internally.

But then in April, a month before the summit, the Western foreign ministers met here and very complacently, as if Khrushchev were not to be taken seriously, decided the West would stand pat at the summit.

This angered him. It left him with little to look forward to but an empty conference. A few days after the ministers' meeting broke up he made a furious speech at Baku.

In this he told the West in effect: Don't take me lightly; I mean it when I say you have to get the troops out of Berlin.

Was he even then taken seriously? No, not even by Eisenhower who told a news conference three days later: "It is just a reiteration of the same old theme . . . I don't think we should take that too seriously."

Just four days after Eisenhower brushed aside Khrushchev's angry speech an American spy plane was brought down over the Soviet Union. Khrushchev reacted violently to this intrusion. Aggression, he called it.

Even that didn't induce the State Department to handle him cautiously. It issued a statement which it permitted newsmen to interpret as meaning this country would continue to send spy planes over the Soviet Union.

This is what blew the lid off although by this time—perhaps realizing he couldn't talk the West into meeting his Berlin demands—Khrushchev may have been ready to blow up the summit meeting anyway.

When the Oklahoma rush for free prairie land took place on April 22, 1889, about 10,000 "Sooners" claimed land between noon and sundown.

Childhood Cancer Not Rare

By Herman N. Bundesen, M.D.

While cancer is generally thought of as a disease of adults, particularly of the elderly, it does take a considerable toll among children.

In fact, statistics indicate it is second only to accidents as a cause of death among children.

And, unfortunately, the incidence of childhood cancer appears to be increasing. This is particularly true as far as leukemia — generally described as cancer of the blood — is concerned.

There are reasons, of course, for this increase. And we think we know what one of the primary reasons is.

We believe that the decrease in the number of deaths from the infectious diseases such as pneumonia, diphtheria, tuberculosis and the like, means that more children are living longer now to contract cancer.

The same reasoning apparently applies to the increase in cancer cases among the elderly during the last few decades.

Moreover, many children are born with malignant tumors.

We also are detecting many more cases of cancer among children than we lid heretofore.

Approximately 12 per cent of all deaths between the ages of one and 14 can be traced to some form of cancer. More than half of the cases of leukemia begin before the age of five.

Childhood cancer is somewhat different from the disease usually found in adults in that it often occurs in sites seldom involved in adult cancer.

In children, a malignancy is more likely to develop in the blood-forming, or hematopoietic, system, the central and sympathetic nervous system, the bone, kiney, adrenal glands and the sogt tissues.

Obviously, thorough physical checkups are just as important for children as they are for adults. I believe they are even more important.

Any solid mass or lump, whether it is noticed in a child or in an adult, should be be investigates at once. Chances are it may not be cancerous. But it just doesn't pay to take any chances.

The earlier cancer is discovered, as I have said so many times before, the better chance it has of being cured. Many kinds of cancer can be cured, if we detect them in time.

Question and Answer

J. A. T.: I am 60 years old and often find myself short of breath.

Can you tell me if there is anything I can do to change this condition?

Answer: Shortness of breath may be due to a failing heart, some lung condition or asthma.

You should see your doctor at once; much can be done to help.

Sit-in Demonstrations Get Support at OSU

COLUMBUS, Ohio (AP)—About 600 Ohio State University students and faculty members staged a campus rally Tuesday in support of the sit-in demonstrations being put on by students in the South. The day also marked the sixth anniversary of the U.S. Supreme Court's decision outlawing segregation.

The World Today

By James Marlow

WASHINGTON (AP) — Premier Nikita Khrushchev is such a ham he'd go good in a delicatessen window. But he's no windbag. The West made its mistake in treating him as one.

The deepest danger in dealing with him—one the West had to learn the hard way—is that he doesn't play according to Western rules. That's what makes him unpredictable.

His performance at the Paris summit meeting and particularly his name-calling — he likened President Eisenhower to a thief—shocked the West which judges by its own yardstick.

Western statesmen are polite, frigidly dignified when angry, and great believers in the traditional, which means formal, way of chastising people who offend them. They wear dignity like a charm to ward off voodoo.

In contrast: What Western statesman would ever in public call Nazi sympathizers what Khrushchev did Wednesday at a news conference? The Russian word he used came out in various translations as riffraff, louts and bastards. Western statesmen might think such terms, but they wouldn't say them.

The kind of diplomatic omelette Khrushchev whips up is ham mixed with anger.

For example: His fish-wife argument with Vice President Richard M. Nixon in Moscow; his temper-tantrums in Hollywood; his verbal brawl with labor leaders; his wearing a longshoreman's cap in San Francisco.

His biggest hamming is in his timing: His arrival in Washington last September came just as the Soviets fired a moon shot; He arrived at the summit meeting as the Soviets launched a space ship.

But the West had to suffer one shock after another before it learned—if it has learned, even now—that his hamming has nothing to do with his serious intentions and that therefore he can't be treated lightly or with contempt.

Ever since November 1958, he had insisted the West must get its troops out of West Berlin or face the prospect of his shutting the city off from the West entirely.

He used this threat as blackmail to get the Western leaders to the Paris summit meeting with him. He may have had some other reasons for wanting a summit. Perhaps he genuinely wanted easing of tensions so the Soviet Union could develop faster internally.

But then in April, a month before the summit, the Western foreign ministers met here and very complacently, as if Khrushchev were not to be taken seriously, decided the West would stand pat at the summit.

This angered him. It left him with little to look forward to but an empty conference. A few days after the ministers' meeting broke up he made a furious speech at Baku.

In this he told the West in effect: Don't take me lightly; I mean it when I say you have to get the troops out of Berlin.

Was he even then taken seriously? No, not even by Eisenhower who told a news conference three days later: "It is just a reiteration of the same old theme . . . I don't think we should take that too seriously."

Just four days after Eisenhower brushed aside Khrushchev's angry speech an American spy plane was brought down over the Soviet Union. Khrushchev reacted violently to this intrusion. Aggression, he called it.

Even that didn't induce the State Department to handle him cautiously. It issued a statement which it permitted newsmen to interpret as meaning this country would continue to send spy planes over the Soviet Union.

This is what blew the lid off although by this time—perhaps realizing he couldn't talk the West into meeting his Berlin demands—Khrushchev may have been ready to blow up the summit meeting anyway.

When the Oklahoma rush for free prairie land took place on April 22, 1889, about 10,000 "Sooners" claimed land between noon and sundown.

Pickaway Plains Chapter Holds Evening of Music

Highlights of the May meeting of the Pickaway Plains Chapter, Daughters of the American Revolution, was an "Evening of Music," arranged by Mrs. Martin Cromley, state chairman of American Music," of the Ohio Society, D. A. R. and Mrs. Forest Croman, program chairman, when the chapter met in the trustrr's Room, Memorial Hall at 7:30 p. m. Tuesday.

The meeting was opened in ritualistic form by the regent, Mrs. Richard Hedges, assisted by Mrs. R. Rae Bales, chaplin. Mrs. Stanley Beckett, flag chairman, led in the Pledge of Allegiance, followed by the National Anthem, with Mrs. Martin Cromely at the piano.

Mrs. McAbee, vice regent, read from the May issue D. A. R. news, the message of the state regent of the Ohio Society, D. A. R., Mrs. Stanley L. Houghton. Her topic, "M. E. and You."

An announcement from the trustees of the Waldschmidt House, was read by the secretary, Miss Betty McCoy, that the Waldschmidt House would be open every Sunday, from May to October, and every day, except Monday, June through August, from 1 p. m. to 5 p. m.

A letter from the state regent, Mrs. Houghton was read by the secretary. She announced that the regents meeting would be held June 8, at the Ft. Hayes Hotel, Columbus and that the South West and South East district meetings would combine to meet at Lake Hope, at 10 a. m. September 27.

The theme for the next years program of Pickaway Plains Chapter, D. A. R., will be "For What Avail Should Freedom Fail."

Five minutes of National Defense was presented by Mrs. W. Emerson Downing, taken from the National Defender, which is compiled by the National Defense Committee, with Mrs. Wilson K. Barnes, as chairman. Mrs. Downing's topic was "Communism and Pornography.' In her talk, Mrs. Downing, said, "What can we do to eliminate obscene literature." Every American can find a place to function in the ranks of those determined to bring this clean up victory. Save all the literature which comes to you. Either mail it to your postmaster, or take it to him. Postal inspectors, everywhere have been alerted to work with the local postmaster.

Following the business meeting of the chapter, Mrs. Martin Cromley, presented a paper on American music. In her talk, Mrs. Cromley said the first 150 years in our country's history was a period of complete cultural bareness. The hard working pilgrims had little time for frivolities, but considered music very important. The musical life of the American colonies came from small beginnings. Oliver Holden composed the first melody. The first native born American to make music his vocation was William Billings. The national songs of America were largely borrowed. Edward McDowell is held by many to be America's best composer of all types of music. The best known of all the Ohio composers is Oley Speaks.

The first native American composer was Francis Hopkinson. The Monday Club chorus sang his song "My Days Have Been So Wondrous Free." Mrs. James Hodges, presented a piano solo. Her numbers were in keeping with the Revolutionary War period. A two piano solo was presented by Mrs. Theodore Huston and Mrs. Joseph Adkins. Their number, taken from the Grand Canyon Suite was, "On The Trail," by Ferdi Grofe.

Mrs. Ralph Dunkle, vocal solo-ist, sang three numbers. "The Sky Blue Waters," by Charles W. Dear Abby...

By Abigail VanBuren

Let's Give the Boys a Break

DEAR ABBY: I am a woman 50 years of age. I am in love with a man who is 32. He has a wife and two boys who are 7 nad 9. He wants to leave his wife and marry me, but she said if he leaves he will have to take the boys with him as she can't handle them alone.

She knows all about us, as I have told her. Abby, I want this man, but I don't want those boys of his. Will the court force him to take the boys? Or will they make the mother keep them whether she wants them or not?

TOO OLD FOR KIDS

DEAR TOO OLD: From the picture you present of their mother, father and yourself, I sincerly hope the court finds a good foster home for the boys. They could hardly do worse than to wind up with any of you.

DEAR ABBY: My wife's sister lives with us. She is 36, not bad looking and can talk your leg off. She's had three husbands and couldn't live with any of them. This woman is able-bodied but refuses to get herself a job. She sits around all day and my wife gives her money for the beauty shop. We also buy her clothes.

I make very good money. My only extravagance is playing the horses. I never gamble over my head, so that's my business. If I refuse my wife or her sister any money, they throw it up to me about the horses.

The last straw came when this sister-in-law told us she won't go to work until she gets her nose beautified. It will cost $600. My wife gold her to go ahead and get it done and we will pay for it. What is your opinion of this?

BERNIE

DEAR BERNIE: If you want to put your money on a horse's nose, no one can stop you. But you don't have to put it on your sister-in-law's nose unless you want to. You've been far more generous than most brothers-in-law would have been. Tell them enough is enough.

DEAR ABBY: Please answer as soon as possible because we are having an argument over this and it's getting serious.

Last week my husband and I went to a party. The hostess came up to me and asked if I minded if she danced with my husband. I didn't want to cause a disturbance so I said, "Go ahead and take him."

They both seemed to enjoy the dance very much. Now my husband says this was perfectly all right because the hostess is SUPPOSED to dance with all the guests. (I noticed she didn't dance with ALL her guests—just the best looking ones.) I'd like to know if my husband is correct or not?

WALLFLOWER

DEAR WALLFLOWER: Your husband is incorrect. Every male guest should ask his hostess to dance. But it is never proper for a lady (guest or hostess) to ask a gentleman to dance—unless, of course, it's ladies' choice.

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

Junior Women's Club Meet Features Panel Discussion

"The Woman, the Club, the Federation" was the topic discussed by a panel during the Circleville Forum coffee hour, Tuesday. The session was held at the Methodist Church Annex. Members of the panel were Mrs. William Speakman, Mrs. Maynard Slack and Mrs. Sterling Poling. Mrs. Poling reviewed the activities of Circleville Forum during the past two years stressing that adult education has been a primary object in all program planning.

Programs and projects highlighted were those dealing with recreation programs for children, which involved local park and government officials, a panel of church people discussing the responsibility of the churches in this field and a tour of the new YM-YWCA in Lancaster. The speaker pointed out that questions about telephone service led to a tour of the plant and interviews with officials there. Another discussion on the subject of teenage baby sitters led to a training course being offered by Circleville Forum for eighth grade girls.

Mrs. Speakman, president of Circleville Junior Women's Club, a member of the Ohio Federation and the General Federation of Women's Clubs, spoke on the programs offered by the Federation. She explained the Legislation Days which are annual events in Ohio Federation, the E.S.O. reading program, which is sponsored by Ohio Federation in cooperation with the Ohio State University and the club program service. She stressed the opportunities for leadership, sharing problems and finding solutions and generally widening one's horizons through Federation with other clubwomen.

Mrs. Slack, treasurer of Junior Women's Club, discussed conventions and the opportunities offered there in the way of work shops on such subjects as program planning, parliamentary procedure and education. She also mentioned the outstanding speakers who are always a part of the convention program.

During a brief discussion following the program, the group made plans to recognize in September with meetings to be held regularly in the mornings. Mrs. Robert Anderson president of the group who will be moving from Circleville to Florence, S. C. soon, turned the chair over to Mrs. Poling, the vice president, who named several committees. Mrs. John Griffith will review the constitution, and will be assisted by Mrs. Speakman. Mrs. Victor Rogers, Mrs. William Curtis and Mrs. D. E. McDonald were named to present a slate of officers for September. Mrs. Thomas Matesky, Mrs. Vernon Weiler and Mrs. David Cushing were named to the membership committee.

Coffee and rolls were served to the members and guests as they arrived by Mrs. Harold Moats, Mrs. Victor Rogers and Mrs. Norman Kutler. Others present for the affair were: Mrs. Carl M. Bach, Mrs. Vernon Weiler, Mrs. Robert Anderson, Mrs. Kirk Cupp, Mrs. Maynard Slack, Mrs. Thomas Matesky, Mrs. David Cushing, Mrs. Milford Tassler, Mrs. William Curtis, Mrs. Charles Sisco, Mrs. William Speakman, Mrs. John Griffith and Mrs. Sterling Poling.

Correction

Mrs. Rosa Callihan was admitted to Berger Hospital, yesterday, instead of Mrs. Edward Callihan, as reported to The Herald.

Pickaway Plains Chapter Holds Evening of Music

Highlights of the May meeting of the Pickaway Plains Chapter, Daughters of the American Revolution, was an "Evening of Music," arranged by Mrs. Martin Cromley, state chairman of American Music," of the Ohio Society, D. A. R. and Mrs. Forest Croman, program chairman, when the chapter met in the trustrr's Room, Memorial Hall at 7:30 p. m. Tuesday.

The meeting was opened in ritualistic form by the regent, Mrs. Richard Hedges, assisted by Mrs. R. Rae Bales, chaplin. Mrs. Stanley Beckett, flag chairman, led in the Pledge of Allegiance, followed by the National Anthem, with Mrs. Martin Cromely at the piano.

Mrs. McAbee, vice regent, read from the May issue D. A. R. news, the message of the state regent of the Ohio Society, D. A. R., Mrs. Stanley L. Houghton. Her topic, "M. E. and You."

An announcement from the trustees of the Waldschmidt House, was read by the secretary, Miss Betty McCoy, that the Waldschmidt House would be open every Sunday, from May to October, and every day, except Monday, June through August, from 1 p. m. to 5 p. m.

A letter from the state regent, Mrs. Houghton was read by the secretary. She announced that the regents meeting would be held June 8, at the Ft. Hayes Hotel, Columbus and that the South West and South East district meetings would combine to meet at Lake Hope, at 10 a. m. September 27.

The theme for the next years program of Pickaway Plains Chapter, D. A. R., will be "For What Avail Should Freedom Fail."

Five minutes of National Defense was presented by Mrs. W. Emerson Downing, taken from the National Defender, which is compiled by the National Defense Committee, with Mrs. Wilson K. Barnes, as chairman. Mrs. Downing's topic was "Communism and Pornography." In her talk, Mrs. Downing, said, "What can we do to eliminate obscene literature." Every American can find a place to function in the ranks of those determined to bring this clean up victory. Save all the literature which comes to you. Either mail it to your postmaster, or take it to him. Postal inspectors, everywhere have been alerted to work with the local postmaster.

Following the business meeting of the chapter, Mrs. Martin Cromley, presented a paper on American music. In her talk, Mrs. Cromley said the first 150 years in our country's history was a period of complete cultural bareness. The hard working pilgrims had little time for frivolities, but considered music very important. The musical life of the American colonies came from small beginnings. Oliver Holden composed the first melody. The first native born American to make music his vocation was William Billings. The national songs of America were largely borrowed. Edward McDowell is held by many to be America's best composer of all types of music. The best known of all the Ohio composers is Oley Speaks.

The first native American composer was Francis Hopkinson. The Monday Club chorus sang his song "My Days Have Been So Wondrous Free." Mrs. James Hodges, presented a piano solo. Her numbers were in keeping with the Revolutionary War period. A two piano solo was presented by Mrs. Theodore Huston and Mrs. Joseph Adkins. Their number, taken from the Grand Canyon Suite was, "On The Trail," by Ferdi Grofe.

Mrs. Ralph Dunkle, vocal soloist, sang three numbers. "The Sky Blue Waters," by Charles W. Cadman; "Whistle, a Happy Tune," taken from the King and I., by Rodgers & Hammerstein, and "If I Could Tell You", by Isabelle Firestone. Mrs. Dunkle was accompanied by Mrs. Martin Cromley. The Monday Club chorus, under the direction of Mrs. James Moffitt, with Mrs. Huston at the piano, concluded the program. Their songs were: "Listen to the Mocking Bird," written by Winner, "Some Folks Do", written by Stephen Foster and "When Love Is Kind", an English melody.

Refreshments were served to 30 members and 12 guests, by the committee, with Mrs. Forest Croman, chairman, assisted by Miss Alice Ada May, Mrs. Emerson Spicer, Mrs. Paul W. Gearheart, Mrs. Harry Stoker, Mrs. Leslie May, Miss Marie Hamilton and Mrs. William Ulm, Mrs. Eldred Cayce, Mrs. Winfred Golden.

She explained the Legislation Days which are annual events in Ohio Federation, the E.S.O. reading program, which is sponsored by Ohio Federation in cooperation with the Ohio State University and the club program service. She stressed the opportunities for leadership, sharing problems and finding solutions and generally widening one's horizons through Federation with other clubwomen.

Mrs. Slack, treasurer of Junior Women's Club, discussed conventions and the opportunities offered there in the way of work shops on such subjects as program planning, parliamentary procedure and education. She also mentioned the outstanding speakers who are always a part of the convention program.

During a brief discussion following the program, the group made plans to recognize in September with meetings to be held regularly in the mornings. Mrs. Robert Anderson president of the group who will be moving from Circleville to Florence, S. C. soon, turned the chair over to Mrs. Poling, the vice president, who named several committees. Mrs. John Griffith will review the constitution, and will be assisted by Mrs. Speakman. Mrs. Victor Rogers, Mrs. William Curtis and Mrs. D. E. McDonald were named to present a slate of officers for September. Mrs. Thomas Matesky, Mrs. Vernon Weiler and Mrs. David Cushing were named to the membership committee.

Coffee and rolls were served to the members and guests as they arrived by Mrs. Harold Moats, Mrs. Victor Rogers and Mrs. Norman Kutler. Others present for the affair were: Mrs. Carl M. Bach, Mrs. Vernon Weiler, Mrs. Robert Anderson, Mrs. Kirk Cupp, Mrs. Maynard Slack, Mrs. Thomas Matesky, Mrs. David Cushing, Mrs. Milford Tassler, Mrs. William Curtis, Mrs. Charles Sisco, Mrs. William Speakman, Mrs. John Griffith and Mrs. Sterling Poling.

Correction

Mrs. Rosa Callihan was admitted to Berger Hospital, yesterday, instead of Mrs. Edward Callihan, as reported to The Herald.

Ohio Teachers Given Honors

18 Fellowships OKd For Journalism Study

NEW YORK (AP) — Eighteen Ohio high school teachers have been awarded fellowships by the Newspaper Fund, Inc., for summer study in journalism.

They are among 340 high school teachers throughout the nation receiving the fellowships which total $160,000.

The fellowships were made possible by the Wall Street Journal's grants to the fund. The teachers were selected from more than 850 applicants.

The fellowships are designed to encourage more talented young people to choose journalism as a career by assisting high school newspaper advisers and journalism teachers.

Among Ohio teachers who will receive the fellowships, and the college or university selected for summer study, are:

Evelyn Guthrie, 440 E. Cleveland St., Delphos, York Local School, Venedocia — Ohio State University.

Robert Cotner, Box 333 Wayne St., Fort Recovery, Fort Recovery High School — Northwestern University.

Sister M. Constantius Schmidt, St. Mary Covent, E. Chestnut St., Lancaster, St. Mary High School—Duquesne University.

Walter White, 611 N. Prospect, Marion, Marseilles Rural School—Ohio State University.

Ralph Herbert Romig, Box 197, Tuscarawas, Uhrichsville High School—Ohio State University.

Anti-Blood Clot Drugs Predicted

CLEVELAND (AP)—A St. Louis professor says within a few years drugs should be available which will "significantly alter the course" of diseases involving blood clots—including strokes and heart attacks.

Speaking at a meeting sponsored by the Ohio State Heart Assn., Dr. Sol Sherry, professor of medicine at Washington University, said with any "decent degree of luck," effective blood clot dissolving drugs should be available for general use.

The meeting was held in conjunction with the convention of the Ohio State Medical Assn.

A group of Cincinnati physicians received the OSMA's gold award for original investigation with an exhibit on chemotherapy of cancer. They were Drs. H. A. Freckman, H. L. Fry, E. R. Maurer and F. L. Mendez Jr.

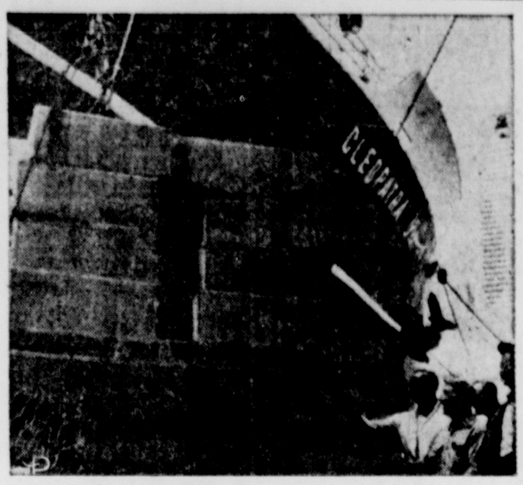

The gold award for educational exhibits went to a group of doctors at Cleveland's St. Luke's Hospital for a display on surgery in congenital and acquired heart disease.

Three Ohio State University faculty members won the silver teaching award for an exhibit on "pancreatitis." They were Drs. William G. Pace, Richard C. McPherson and Daniel W. Elliott.

Health Setup Delayed

YOUNGSTOWN, Ohio (AP)—A health and life insurance program for city employes, and other municipal programs, will be postponed due to a sharp drop in city income tax revenues, Finance Director Abe Harshman said. He sees little hope for early improvement in the city's economy.

In many communities in Israel today public transportation stops from Friday sunset until the first star appears in the Saturday evening sky.

EGYPTIAN SHIP FINALLY UNLOADED—Longshoremen finally unload the Egyptian freighter Cleopatra in New York after withdrawal of Seafarers International union pickets, who had kept the ship idle since April 13. The pickets were withdrawn when the State department said it would renew negotiations aimed at protecting rights of U. S. seamen in United Arab Republic ports.

Marietta-Cleveland Highway Planned for Distant Future

COLUMBUS, Ohio (AP)—It will be a long time, some think as long as 15 years, before the superhighway to be known as Interstate 77 stretches north and south between Cleveland and Marietta.

But Ohio Highway Department officials insist Interstate 77—part of the 41,000-mile network of superhighways planned to link the nation's major cities—is no "stepchild" among Ohio's interstate projects.

For one thing, they say, 77 was added late (1957) to the proposed interstate system, and so plans are behind those for other interstate projects in Ohio. And the traffic demand north and south is not as great in the east quarter of the state as elsewhere, so 77 does not have first priority.

Finally, the department is operating on 50 million dollars less a year because of cutbacks in federal aid. The federal government pays about 90 per cent of the basic cost of interstate road projects.

When 77 is completed in Ohio, motorists will be able to drive non-stop from Cleveland to Marietta and back. From Marietta, they could continue south on 77 through West Virginia and Virginia to Charlotte, N. C., where it's supposed to end.

At the moment a consulting engineer firm is preparing contract plans for a 4.1-mile section from the low-water mark on the north side of the Ohio River to the present U.S. 21.

The route has been established—after the usual public hearings—from the Ohio River crossing to Salt Creek just north of U.S. 40 in Guernsey County. Plans prepared about three years ago for what was to be a relocation of U.S. 21 east of Cambridge are being incorporated into the project.

Hearings will be scheduled to establish the route from Salt Creek north to Canton. However, another set of plans developed three years ago for relocation of U.S. 21 west of Dover and New Philadelphia also is being used (with modifications) for 77.

The route ties in with Canton's expressway project in the Navarre Road area, and is in the design stage between Canton and Akron, where it amounts to a relocation of Ohio 8, department officials say.

Interstate 77 then will tie in with part of the Akron Expressway, some of which is under contract, some in the design stage and some open, officials explain.

The routing from the Ohio Turnpike north to Cleveland's Willow Freeway still is subject to a public hearing. There is discussion about adding another pair of lanes to at least part of the Willow Freeway to make three lanes on each side.

Chicago Water Hearing Delayed

CLEVELAND (AP)—A hearing on Chicago's use of water from Lake Michigan, scheduled for today, has been put off until Monday.

The hearing will be held before Special Master Albert B. Maris. He has taken testimony from witnesses in Chicago, and Niagara Falls and Massena, N. Y.

The hearings have been ordered by the U.S. Supreme Court in connection with two pending suits. One was instituted by states bordering the Great Lakes to force Chicago to return treated sewage to Lake Michigan, instead of diverting it into the Illinois waterway. The other suit was filed by Chicago to obtain permission to divert additional lake water.

Chicago now uses more than two billion gallons of lake water daily for sanitation purposes.

State Opposes Delay in Ohio Wheat Suit

COLUMBUS, Ohio (AP)—Atty. Gen. Mark McElroy spoke out Wednesday against further delays in a federal suit to collect $28,000 in wheat planting penalties from the state of Ohio.

The federal government's second 30-day continuance in U.S. District Court here expires June 12. McElroy said he would agree to no further continuances.

The Justice Department filed the action last Feb. 2. Gov. Michael V. DiSalle was served with papers charging that Ohio exceeded wheat quotas on farms at seven state hospitals and one prison in 1955 and 1956.

Interest charges on the penalties boosted the amount sought to $28,815.

DiSalle termed the penalties improper because all wheat grown on the state farms was consumed at the institutions. He turned the matter over to McElroy, who acts as counsel for state officials, and told him to "fight it to the very last of your attorneys general."

The governor and McElroy rejected a government offer to make a settlement before the suit was filed. They said no similar offer has been made since then and indicated any would be rejected.

Assistant Atty. Gen. DeForest Mellon termed the 1938 Wheat Quota Act unconstitutional when applied to wheat consumed on farms where grown. He contends the act applies only to wheat in interstate and intrastate commerce.

McElroy said he wants a court decision on the suit as soon as possible, regarless of any political overtones.

Hillila Is Named Divinity School Dean

SPRINGFIELD, Ohio (AP)—Dr. Bernhard Hillila, pastor of St. Mark's Lutheran Church in Warren since 1957, will become dean of Wittenberg University's Hamma Divinity School of Wittenberg University Sept. 1.

Dr. Hillila will succeed Dr. E. E. Flack, who will become dean-emeritus after 37 years on the faculty. Dr. Hillila is vice president of the Finnish Evangelical Lutheran Church (Suomi Synod) and former president of Michigan's Suomi College and Theological seminary.

Tory Demands British Shoot Down Space Ship

LONDON (AP)—A Conservative member of Parliament contended that the Soviet space ship is violating British air space and should be shot down.

Sir Richard Glyn gave notice he would raise the matter with Defense Minister Harold Watkinson in Parliament on May 25. His question, he said, is prompted by "the recent launching of a foreign space ship whose course passes over the United Kingdom."

Early plans for the English Channel tunnel between England and France were held up in the 1880's by the cautious British military who feared an invasion from the continent into Victoria Station.

Scout Vehicle Safety Check On Saturday

The Pickaway Scout District sponsored annual Vehicle Safety Check will take place Saturday from 10 a. m. to 4 p. m.

The check lanes will be set up on N. Pickaway St., just north of the Hargus Creek Bridge.

Scout troops will be assigned to two-hour shifts to man the check lanes. Scout leaders and men from Kiwanis, Rotary, the Junior Chamber of Commerce and other civic organizations will offer the adult supervision.

Members of the Pickaway County Traffic Safety Committee will direct the operation. This group meets at the Pickaway County Court of Common Pleas at 7:30 today to complete preparations for the event.

• • •

MATERIALS for the safety check were provided by the local tire dealers this year. Mac's Tire & Appliance Store is furnishing lifesavers to emphasize that a ten point car check can be a "lifesaver".

The ten points to be checked on each car to enter the check lanes will be tires, windshield wipers, horn, exhaust system, brakes, rear lights, glass, steering, rear view mirror and front lights.

Pickaway County residents are invited to "Join the Circle of Safety, Check Your Driving, Check Your Car, Check Accidents."

A second Vehicle Safety Check is planned for Ashville on May 28. Arrangements for this check are incomplete.

Broadway Shows Stalled by Strike

NEW YORK (AP) — Work on coming Broadway shows has been called off until actors and producers settle a contract dispute.

The order went out Tuesday night when 125 producers, summoned to an emergency meeting of the League of New York Theaters, voted unanimously to oppose a series of actors' demands.

Immediately affected are about 20 new shows in preparation for fall openings.

Actors Equity has submitted 70 demands for a new agreement to replace the contract expiring May 31. They include terms on wages, pensions, welfare and working conditions.

GETTING READY FOR MAIDEN VOYAGE TO U.S.— This picture of the completed *Leonardo da Vinci*, new Italian Line flagship, shows her during her preliminary open-sea test run in Gulf of Genoa. The 33,500-ton, 11-deck luxury liner is scheduled to arrive in New York on July 9 on her maiden voyage from Italy. The new flagship of the Italian Merchant Marine will carry 1,300 passengers.

Professor Has Gadget To Tell Your Real Age

LOUISVILLE, Ky. (AP) — Gals, don't try to fool Dr. Hans Hahn of Transylvania College. He's likely to learn your age anyhow.

He told a safety conference that the speed of apperception—recognition of objects—slows as a person grows older, and that a woman of 50 who takes his tests needn't claim she is 35.

Her speed of reaction to a flashing red light or buzzer will give her away.

Leopoldville, capital of Belgian Congo, has a population of about 20,000 Europeans and 285,000 natives. It has nine major newspapers and magazines. All are Belgian except one — a Greek publication.

Nixon Clothes Himself As Free World Champion

SYRACUSE, N.Y. (AP)—Vice President Richard M. Nixon is laying the groundwork to ask the voters to elect him president as the man best qualified to deal firmly with Nikita Khrushchev.

Nixon reacted swiftly to the collapse of the summit conference on a brief campaign excursion into New York. With hopes dimmed for early progress toward peace, he clothed himself in the armor of an aggressive champion of the free world.

The vice president told a cheering crowd at a dinner in honor of Rep. John Taber (R-NY) in Auburn Tuesday night that the country is going to need not only strong and determined leadership in the presidency but moral and economic stamina on the part of the people.

Nixon left no doubt he thinks he is just the man to take on Khrushchev, an antagonist he said would test the best the West has to offer.

"I know this man reasonably well," he said. "He is very astute. He is quick on the trigger. He thinks things through coolly and objectively and more often than not he uses his temper rather than loses it."

The way to deal with the Soviet Premier, Nixon said, is to "make it clear that surrender of the rights of the free people is too high a price to pay for a settlement with the Soviet Union."

Nixon said Khrushchev has problems of his own. He said these may include pressure from Soviet Stalinists an Chinese Communists who want no relaxation of world tension.

"He also knows the catastrophe that might come if he presses the West to the point of no return," Nixon added.

In a day in which he traveled, acted, and was greeted like a candidate already nominated by his party for the presidency, Nixon defended on every possible occasion Eisenhower's role in the long-heralded summit meeting that flopped.

Eaton Wife-Slayer Gets Life Sentence

EATON, Ohio (AP)—Theodore (Bud) Mackey, 47, faces a life penitentiary term in the shotgun slaying of his crippled wife, Josephine, 38.

The life term was mandatory after a three-judge panel in Common Pleas Court convicte him of first - egree murer with a recommenation of mercy.

The Mackey's stormy marriage ended in the death of Mrs. Mackey last Jan. 12. Three of their five children were eyewitnesses of the shooting.

She had been crippled 10 years ago by a stove explosion.

After arrest, Mackey tried suicide by throwing himself off a third floor stairway in the Preble County Courthouse, but he survived with severe head cuts.

Nixon Clothes Himself As Free World Champion

SYRACUSE, N.Y. (AP)—Vice President Richard M. Nixon is laying the groundwork to ask the voters to elect him president as the man best qualified to deal firmly with Nikita Khrushchev.

Nixon reacted swiftly to the collapse of the summit conference on a brief campaign excursion into New York. With hopes dimmed for early progress toward peace, he clothed himself in the armor of an aggressive champion of the free world.

The vice president told a cheering crowd at a dinner in honor of Rep. John Taber (R-NY) in Auburn Tuesday night that the country is going to need not only strong and determined leadership in the presidency but moral and economic stamina on the part of the people.

Nixon left no doubt he thinks he is just the man to take on Khrushchev, an antagonist he said would test the best the West has to offer.

"I know this man reasonably well," he said. "He is very astute. He is quick on the trigger. He thinks things through coolly and objectively and more often than not he uses his temper rather than loses it."

The way to deal with the Soviet Premier, Nixon said, is to "make it clear that surrender of the rights of the free people is too high a price to pay for a settlement with the Soviet Union."

Nixon said Khrushchev has problems of his own. He said these may include pressure from Soviet Stalinists an Chinese Communists who want no relaxation of world tension.

"He also knows the catastrophe that might come if he presses the West to the point of no return," Nixon added.

In a day in which he traveled, acted, and was greeted like a candidate already nominated by his party for the presidency, Nixon defended on every possible occasion Eisenhower's role in the long-heralded summit meeting that flopped.

Yankee Dollar Worth More In Canada Now

Premium Required But It Is Less Than Last Winter

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Americans planning a trip to Canada can get more Canadian money in exchange for their American dollars today than winter sports fans could two months ago.

The value of the Canadian dollar in terms of the U.S. dollar is now lower than at any time in more than a year.

American tourists will still have to pay a premium, but a smaller one.

American exporters may find their Canadian rivals in a better competitive position to sell in world markets than when the Canadian dollar was riding as high as $1.06 in comparison to the U.S. dollar. Today it is about two cents above the U. S. dollar. On big deals the difference is considerable.

The recent crackdown by Canadians on American coins loses much of its point, too.

A month ago big Canadian banks ordered a 6 per cent charge for handling U.S. coins. Before that they had circulated at par with Canadian silver, thus ignoring the fluctuating penalty on American paper money.

Why did the Canadian dollar climb so much higher than the U.S. dollar? And how did it come to fall in recent weeks?

The reason the Canadian dollar rose to its peak of more than $1.06 in the summer of 1957—and was quoted at $1.05 as late as March of this year—was largely because of two things. One was a great demand for Canadian dollars by foreign investors, mostly Americans, pouring money into Canadian stocks and other investments. The other was a big demand by Canadians borrowing heavily here at lower interest rates than in their country, and having to change these American dollars into Canadian.

The reason for the turn-around is that the Canadian government began discouraging borrowing in the United States; interest rates fell north of the border while they were rising here; the big rush to buy Canadian stocks and to invest in Canadian resources slackened; and the Canadian government cut down its own borrowing, making more funds available at home for private Canadian borrowers and less need to seek funds here.

Ohio GI Kills Korea Houseboy

SEOUL (AP)—The U.S. Army today said Pvt. John G. Freeman, 20, of Delaware, Ohio, shot and killed a Korean house boy in the washroom of his company barracks.

An Army spokesman said Freeman was preparing to go on patrol duty Sunday night and that he entered a washroom, drew his .45-caliber pistol and shot 17-year-old Lee Chong-Hun in the head.

Freeman, now in custody, said he did not know the gun was loaded, the spokesman said. He added that a preliminary investigation had turned up no evidence of bad blood between the two.

Military units in Korea hire houseboys with funds collected from the troops to shine the soldiers' shoes, make beds and do simple laundry for them.

Views on Television - Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Rod Serling's grim drama about the horror that was the Warsaw ghetto during the German occupation of Poland came to television Wednesday night doubled in impact by events in Paris earlier in the day and week.

About an hour after the CBS Playhouse 90 production of "In The Presence of Mine Enemies," came to its bleak conclusion, the network (and rival NBC, too) was taken over by an unedited picture account of Nikita Khrushchev's long threatening diatribe.

The Serling play was concerned with brutal German army treatment of Polish Jews. It pulled no punches reconstructing the tragedy that took place in the 100-block square, walled compound where 500,000 Jews hungered and suffered until the uprising that killed all but a few.

The story concerned a gentle rabbi who lost and then found his faith in spite of an embittered, savage son and a daughter coldly ravaged by a Jew-hating Prussian officer.

The play carried its bitter lesson. It was well acted by a cast which included Charles Laughton, Arthur Kennedy and Susan Kohner. But I would have been watching some situation comedy if I had not been a TV reviewer.

Special Election Asked To Halt Daylight Time

SANDUSKY, Ohio (AP) — Petitions containing more than 1,800 signatures were presented to City Treasurer Lynn G. Rosino Wednesday asking a special election on the question of daylight saving time. Attorney Wilbert Schwerer, a representative of the committee for retention of Eastern Standard Time, presented the petitions.

They will be checked by the Erie County Board of Elections as to validity of the signatures, with 1,038 needed to call a referendum to be held at the November election and put a stop to any plans for "fast" time here this summer. The city commission has set May 30 as the effective date for daylight saving time.

Church Raps Referendum On Executions

CINCINNATI (AP)—The question of retaining capital punishment in Ohio is the responsibility of the Legislature and not a matter to be determined by a referendum, a church group stated Wednesday.

The Synod of Ohio of the United Lutheran Church in America urged the Legislature to "recognize its primary responsibility" in the matter.

"This is a legislative responsibility," Dr. Karl Hertz, a member of the synod's social missions committee, and who presented the resolution.

"It is silly to refer an issue of this importance to a popular referendum, because it is much too complicated."

The resolution also urged the Legislature to re-examine the whole criminal code of the state, because "all crimes of violence are inter-related."

Congregations were urged to conduct studies on capital punishment and to express their opinions to the proper state officials.

"The church must be concerned for the sanctity of all human life," it was stated in the resolution. It also called for improvement of "the general administration of justice . . . better treatment of prisoners and greater attention to rehabilitation.

The synod late Tuesday night enacted a speed-up program for training of ministers and lay members.

Canton Income Tax Boost Is Suggested

CANTON, Ohio (AP) — Mayor Charles L. Babcock has suggested increasing the city's six-mill income tax to provide more money for city projects and operation. The city is trying to raise $200,000 for streets and an additional $112,500 to rebuild 30th Street N.W. Mayor Babcock suggested Wednesday that the tax be increased to one per cent for those earning more than $3,500 a year.

Weekly Food Review

By THE ASSOCIATED PRESS

Roast beef will appear on many American dinner tables this Sunday, judging from the specials advertised by supermarkets and neighborhood groceries.

Rib roast is the favorite in the East and Far West, while round steak is favored in some Midwestern areas. Prices run 4 to 10 cents a pound less than a week ago.

Further offerings of roast beef are in line with U.S. Department of Agriculture forecasts of supplies continuing above last year's levels. Better grades will account for most of the increase the first half of this year, it's said, while lower grades will be more plentiful the last half.

Lamb prices are up 4 to 10 cents a pound. Fryers are being pushed in the East, middle Atlantic region and Midwest. You can get them for 20 cents a pound in some places.

Best vegetable buys this week are carrots, corn, eggplant, lettuce, old stock medium onions, green and yellow squash, radishes, nearby kale, green onions, endive, escarole, Texas' new crop onions, sweet potatoes, peas, and tender new potatoes from California and Florida.

Best buys among fruits are bananas, oranges and pineapples, while good bargains can be had from among avocados, limes, lemons, grapefruit and strawberries.

Digging for Crime

MILWAUKEE (AP) — Without a doubt, the sidewalks around a certain South Side residence were the best shoveled in town.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Skies cleared over most of Ohio during the night and by dawn temperatures were as low as 51 at Columbus and Chesapeake, 50 at Youngstown and Marietta.

Light ground fog lowered the visibility to less than a mile in the Ohio River valley.

High pressure still dominates Ohio, and fair weather is forecast for most of today. But a low pressure system in the Midwest is causing thundershowers through the central Mississippi River valley and as far eastward as western Indiana. These thundershowers are forecast to move into Ohio this afternoon or tonight, continuing on Friday.

South winds will lift temperatures into the 70s today and the 80s Friday.

Yankee Dollar Worth More In Canada Now

Premium Required But It Is Less Than Last Winter

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Americans planning a trip to Canada can get more Canadian money in exchange for their American dollars today than winter sports fans could two months ago.

The value of the Canadian dollar in terms of the U.S. dollar is now lower than at any time in more than a year.

American tourists will still have to pay a premium, but a smaller one.

American exporters may find their Canadian rivals in a better competitive position to sell in world markets than when the Canadian dollar was riding as high as $1.06 in comparison to the U.S. dollar. Today it is about two cents above the U. S. dollar. On big deals the difference is considerable.

The recent crackdown by Canadians on American coins loses much of its point, too.

A month ago big Canadian banks ordered a 6 per cent charge for handling U.S. coins. Before that they had circulated at par with Canadian silver, thus ignoring the fluctuating penalty on American paper money.

Why did the Canadian dollar climb so much higher than the U.S. dollar? And how did it come to fall in recent weeks?

The reason the Canadian dollar rose to its peak of more than $1.06 in the summer of 1957—and was quoted at $1.05 as late as March of this year—was largely because of two things. One was a great demand for Canadian dollars by foreign investors, mostly Americans, pouring money into Canadian stocks and other investments. The other was a big demand by Canadians borrowing heavily here at lower interest rates than in their country, and having to change these American dollars into Canadian.

The reason for the turn-around is that the Canadian government began discouraging borrowing in the United States; interest rates fell north of the border while they were rising here; the big rush to buy Canadian stocks and to invest in Canadian resources slackened; and the Canadian government cut down its own borrowing, making more funds available at home for private Canadian borrowers and less need to seek funds here.

Ohio GI Kills Korea Houseboy

SEOUL (AP)—The U.S. Army today said Pvt. John G. Freeman, 20, of Delaware, Ohio, shot and killed a Korean house boy in the washroom of his company barracks.

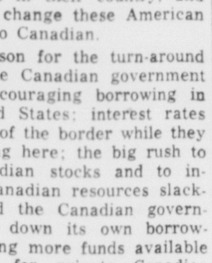

An Army spokesman said Freeman was preparing to go on patrol duty Sunday night and that he entered a washroom, drew his .45-caliber pistol and shot 17-year-old Lee Chong-Hun in the head.

Freeman, now in custody, said he did not know the gun was loaded, the spokesman said. He added that a preliminary investigation had turned up no evidence of bad blood between the two.

Military units in Korea hire houseboys with funds collected from the troops to shine the soldiers' shoes, make beds and do simple laundry for them.

Views on Television - Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Rod Serling's grim drama about the horror that was the Warsaw ghetto during the German occupation of Poland came to television Wednesday night doubled in impact by events in Paris earlier in the day and week.

About an hour after the CBS Playhouse 90 production of "In The Presence of Mine Enemies," came to its bleak conclusion, the network (and rival NBC, too) was taken over by an unedited picture account of Nikita Khrushchev's long threatening diatribe.

The Serling play was concerned with brutal German army treatment of Polish Jews. It pulled no punches reconstructing the tragedy that took place in the 100-block square, walled compound where 500,000 Jews hungered and suffered until the uprising that killed all but a few.

The story concerned a gentle rabbi who lost and then found his faith in spite of an embittered, savage son and a daughter coldly ravaged by a Jew-hating Prussian officer.

The play carried its bitter lesson. It was well acted by a cast which included Charles Laughton, Arthur Kennedy and Susan Kohner. But I would have been watching some situation comedy if I had not been a TV reviewer.

Special Election Asked To Halt Daylight Time

SANDUSKY, Ohio (AP) — Petitions containing more than 1,800 signatures were presented to City Treasurer Lynn G. Rosino Wednesday asking a special election on the question of daylight saving time. Attorney Wilbert Schwerer, a representative of the committee for retention of Eastern Standard Time, presented the petitions.

They will be checked by the Erie County Board of Elections as to validity of the signatures, with 1,038 needed to call a referendum to be held at the November election and put a stop to any plans for "fast" time here this summer. The city commission has set May 30 as the effective date for daylight saving time.

Church Raps Referendum On Executions

CINCINNATI (AP)—The question of retaining capital punishment in Ohio is the responsibility of the Legislature and not a matter to be determined by a referendum, a church group stated Wednesday.

The Synod of Ohio of the United Lutheran Church in America urged the Legislature to "recognize its primary responsibility" in the matter.

"This is a legislative responsibility," Dr. Karl Hertz, a member of the synod's social missions committee, and who presented the resolution.

"It is silly to refer an issue of this importance to a popular referendum, because it is much too complicated."

Congregations were urged to conduct studies on capital punishment and to express their opinions to the proper state officials.

"The church must be concerned for the sanctity of all human life," it was stated in the resolution. It also called for improvement of "the general administration of justice . . . better treatment of prisoners and greater attention to rehabilitation.

The synod late Tuesday night enacted a speed-up program for training of ministers and lay members.

Canton Income Tax Boost Is Suggested

CANTON, Ohio (AP) — Mayor Charles L. Babcock has suggested increasing the city's six-mill income tax to provide more money for city projects and operation. The city is trying to raise $200,000 for streets and an additional $112,500 to rebuild 30th Street N.W. Mayor Babcock suggested Wednesday that the tax be increased to one per cent for those earning more than $3,500 a year.

Weekly Food Review

By THE ASSOCIATED PRESS

Roast beef will appear on many American dinner tables this Sunday, judging from the specials advertised by supermarkets and neighborhood groceries.

Rib roast is the favorite in the East and Far West, while round steak is favored in some Midwestern areas. Prices run 4 to 10 cents a pound less than a week ago.

Further offerings of roast beef are in line with U.S. Department of Agriculture forecasts of supplies continuing above last year's levels. Better grades will account for most of the increase the first half of this year, it's said, while lower grades will be more plentiful the last half.

Lamb prices are up 4 to 10 cents a pound. Fryers are being pushed in the East, middle Atlantic region and Midwest. You can get them for 20 cents a pound in some places.

Best vegetable buys this week are carrots, corn, eggplant, lettuce, old stock medium onions, green and yellow squash, radishes, nearby kale, green onions, endive, escarole, Texas' new crop onions, sweet potatoes, peas, and tender new potatoes from California and Florida.

Best buys among fruits are bananas, oranges and pineapples, while good bargains can be had from among avocados, limes, lemons, grapefruit and strawberries.

Digging for Crime

MILWAUKEE (AP) — Without a doubt, the sidewalks around a certain South Side residence were the best shoveled in town.

Ten vice squad detectives, disguised as members of a city snow removal crew, wielded the shovels as they waited for members of an alleged gambling ring to leave the house.

Big Ten Eyes Indiana Fate

League Standing Mum On NCAA Accusation

EAST LANSING, Mich. (AP)—One of the best guarded Big Ten secrets in years is what it intends to do Friday on the plight of Indiana which was placed under a four-year probation last month by the NCAA for recruiting violations.

It is thought that K. L. (Tug) Wilson, conference commissioner, has formulated no precise decision on an investigation of the alleged infraction at this time but is taking the pulse of Big Ten delegates prior to the opening of conference business sessions today.

On hand to carry Indiana colors through the day's festivities was football coach Phil Dickens. Dickens was given a clean bill of health by his school president, Herman B. Wells, in the face of the NCAA charge that he was guilty of over-enthusiastic recruiting and that Indiana be deprived of participation in NCAA championship tournaments or sponsored TV sports programs for four year

The Big Ten's reaction to all this so far is veiled in mystery. It could be that the confernce will stand behind Indiana and declare the NCAA restrictions were too harsh and ask that leniency should be considered.

Or it could be that Wilson will place a finger of blame on Dickens, a man the Big Ten suspended in 1957 for a season on recruiting violation charges.

If Dickens, or a member of the athletic staff, is adjudged guilty of illegal recruiting the school must show cause why it should not be expelled from the conference unless the said party is fired.

Yank Hurler's Slow Pitching Irks Indians

CLEVELAND (AP)—The next time the Cleveland Indians face Yankee hurler Ralph Terry, the game may run five hours—unless an umpire acts to speed up the pitching.

That's the ultimatum issued here Wednesday night by Tribe manager Joe Gordon after the three-hour game which New York won, 4-2. Terry was accused of using stalling tactics to upset the batters.

"Either the umpire makes him pitch faster, or the game will go five hours," Gordon declared. "We'll step out every time he's finally ready to pitch."

After repeated protests from the Cleveland dugout Umpire John Rice finally did approach the mound to suggest a speed-up.

The game ended the Indians' eight game stretch against the Yankees and the Chicago White Sox. The Tribe won five of the eight, taking three of four from the Yankees and two of four from the Sox.

Gil McDougald's second-inning homer with two aboard carried the Yankees to victory Wednesday night. Terry, who went the distance, gave up eight hits.

New York was held to five by Klippstein and Jim Perry.

Tito Francona nicked Terry for a homer in the sixth and also knocked in the Tribe's other run with a first inning double.

Klippstein, who hurled the sixth and seventh innings, retired six straight Yankees. In his last three appearances, he has retired 21 consecutive batters, earning a reputation as a remarkable relief man.

The Tribe has an off-day today before opening a two-game series here Friday against the Boston Red Sox.

CHS Edged, 5-4 By Wilmington

Disaster in the 7th inning spelled defeat for Circleville's baseball team here yesterday. Visiting Wilmington punched across three runs in the final frame to take a 5-4 victory.

Circleville, scoring two runs in the first inning, held a 2-1 lead until the sixth when the Hurricane managed to deadlock things with a tally. The visitors scored three quick ones in the seventh to settle things.

CHS went ahead in the bottom half of the sixth, 3-2, on a single run. The locals came back with one marker in the bottom of the seventh, but it wasn't enough.

Hurler Danny Leonhardt went the distance for Circleville as did Marvin Gregory for Wilmington. Leonhardt walked eight, fanned three and allowed six hits.

* * *

BOTH pitchers suffered moments of wildness as Gregory also walked eight. He permitted six bingles and whiffed nine.

Circleville picked up two in the first when Bailey walked, pilfered second and came home on Harry Strawser's single. Strawser scored a minute later when Dick Kline's blast was bobbled.

The Tigers chalked another run in the sixth when pinchhitter Sam Weller singled and went to second on a wild pitch. Again Strawser delivered a single to chase Weller home.

Circleville's 7th inning tally resulted when Jim Tootle reached first on a fielder's choice and came home on Dave Smith's infield out.

Wilmington got its first run in the fourth on a single by Dwight Wallace and walks to Larry Vanscoy, Miley and Gregory. Gregory walked with the bases loaded.

Pinchhitter Ron Clairborne emerged the hero for Wilmington in the sixth by smashing a single into center to score Edwards and make the score read, 2-2. Edwards had reached first earlier on an error.

* * *

TWO walks, a single and two errors opened the way for Wilmington's three runs in the seventh. Larry Vanscoy uncorked a single with the bases loaded as the Tigers committed two miscues following the bingle.

Strawser led Circleville's hitting attack with three singles in four trips. Larry Vanscoy and Wallace had two safeties each for Wilmington.

Circleville is scheduled again today, hosting Washington C. H. at Ted Lewis Park.

Perkins Trips Favored Rosi

CHICAGO (AP) — Paolo Rosi, erstwhile No. 2 lightweight contender, may have left his fight in the gym before tangling with upranked Eddie Perkins in the Chicago Stadium Wednesday night.

"My legs, they just don't want to go, maybe I trained too hard," ruefully explained Rosi, a 9-5 favorite, after he dropped a unanimous 10-round decision to 23-year-old Perkins of Chicago in a nationally-televised bout.

It was just a year ago that Rosi from the Bronx, N. Y., gave lightweight champion Joe Brown a stiff battle before losing in the ninth round on a TKO because of cuts in a title match.

But Wednesday night, Rosi never got untracked against the aggressive Perkins.

Snead Sets Pace In Own Tourney

WHITE SULPHUR SPRINGS, W. Va. (AP) —If the other 63 pros didn't already suspect it, Sam Snead is ready to set them his usual pace in his 72-hole golf tournament starting today.

In his last three full fledged practice rounds, Snead whiped around the Old White course in 66, 64 and 63 strokes. Par for the 6,497 - yard course where people have been hitting golf balls since 1884 is 70.

The Slammer, who has been pro at the course for 24 years and host to 12 past tournaments, wound up a victory last year with a 63 on the Old White to win by a whopping 11 strokes over Mike Souchak. The day before, Snead took a sensational 59 strokes on his other course, the 6,397-yard Greenbrier where par also is 70.

Merchants Drop League Tilt, 5-1

The Circleville Merchants softball team dropped a 5-1 decision to B & B Grill in a Columbus A Independent league game last night.

Harry Strawser hurled for the locals. The Merchants touched enemy pitching for three hits.

Tigers Grab Second Place Behind Host Logan Chiefs

Circleville's track team ended second in the Logan Relays yesterday with 52 points, a scant one point behind host Logan's 53.

New Lexington St. Aloysius finished third with 28 points and Athens tallied 19.

Circleville suffered a serious blow during the meet when ace Junior Denny came up with a pulled leg muscle. He probably will be out for the remainder of the season.

Denny, normally a sure bet for at least three firsts, grabbed a top place in the broad jump, but then felt the effects of the pulled muscle. He finished fourth in the 100-yard dash and wasn't able to enter the 220 dash.

* * *

LARRY Hannahs brought home three firsts, leading the field in both hurdles and the shotput. He was top scorer of the meet.

Bill Reed of Circleville set a record at the Logan field with a 10' 8" effort in the pole vault. Circleville's other first place was captured by the mile relay team.

Bob Shadley was second in the half mile behind George Stump, Logan's ace distance man. Gary Vandemark brought home seconds in the 440 dash and the broad jump.

Circleville's winning mile relay team was composed of Shadley, Vandemark, Skip Hanson and Bob Hedges.

Coach John Current said Denny's injury rocked Circleville's chances of winning the meet. Athens and St. Aloysius were able to pool enough points to keep the Tigers behind the winning Chieftains.

Next competition for Circleville is scheduled Friday and Saturday in the District Meet slated at Ohio State University.

The following Friday and Saturday are the dates for the State Meet at OSU.

Girl Canoeists Sparkle in Olympic Test

WASHINGTON (AP)—The coach of the American Olympic canoeing team is more optimistic about the girls than the boys.

"The girls look like our best bets," says Ernest L. Millar of Washington.

The 10 men and three women who will accompany Miller to Rome will not be selected until the Olympic trials on Lake Sebago, Bear Mountain, N. Y., July 16-17. For the most part, however, Millar has a pretty fair idea who they will be. This results from a series of Olympic preparation events over the past two years.

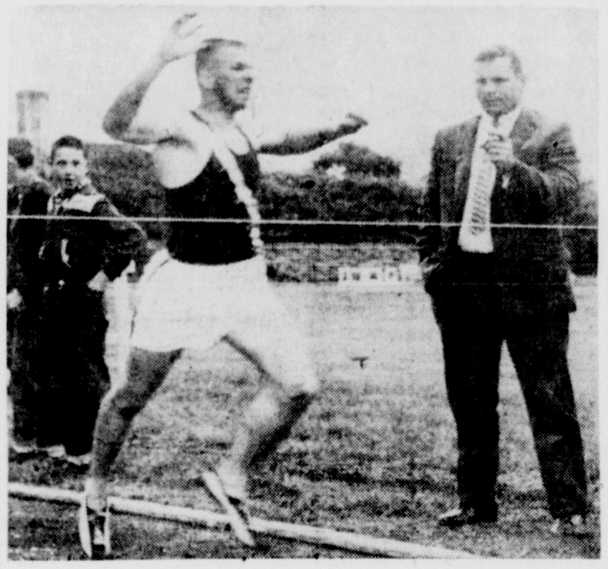

Among the men, Millar regards Frank Havens of Washington, the only American ever to win an individual canoeing event in the Olympics, as this country's best prospect.

Istvan Hernek of Hudson, Ohio, is even better than Havens, but he's ineligible. A Hungarian freedom fighter, Hernek is not yet an American citizen.

In the 1,000-meter kayak class one man double blades, Dave Merwin of Canton, Ohio, a member of the 1956 team, is ranked tops.

Two Hudson, Ohio, girls, Mary Ann Du Chai and Diane Jerome, are regarded as certainties for the team. The Ohioans rank far ahead in the 500-meter women's tandem double blades.

Big Ten Eyes Indiana Fate

League Standing Mum On NCAA Accusation

EAST LANSING, Mich. (AP)—One of the best-guarded Big Ten secrets in years is what it intends to do Friday on the plight of Indiana which was placed under a four-year probation last month by the NCAA for recruiting violations.

It is thought that K. L. (Tug) Wilson, conference commissioner, has formulated no precise decision on an investigation of the alleged infraction at this time but is taking the pulse of Big Ten delegates prior to the opening of conference business sessions today.

On hand to carry Indiana colors through the day's festivities was football coach Phil Dickens. Dickens was given a clean bill of health by his school president, Herman B. Wells, in the face of the NCAA charge that he was guilty of over-enthusiastic recruiting and that Indiana be deprived of participation in NCAA championship tournaments or sponsored TV sports programs for four year

The Big Ten's reaction to all this so far is veiled in mystery. It could be that the confernce will stand behind Indiana and declare the NCAA restrictions were too harsh and ask that leniency should be considered.

Or it could be that Wilson will place a finger of blame on Dickens, a man the Big Ten suspended in 1957 for a season on recruiting violation charges.

If Dickens, or a member of the athletic staff, is adjudged guilty of illegal recruiting the school must show cause why it should not be expelled from the conference unless the said party is fired.

Yank Hurler's Slow Pitching Irks Indians

CLEVELAND (AP)—The next time the Cleveland Indians face Yankee hurler Ralph Terry, the game may run five hours—unless an umpire acts to speed up the pitching.

That's the ultimatum issued here Wednesday night by Tribe manager Joe Gordon after the three-hour game which New York won, 4-2. Terry was accused of using stalling tactics to upset the batters.

"Either the umpire makes him pitch faster, or the game will go five hours," Gordon declared. "We'll step out every time he's finally ready to pitch."

After repeated protests from the Cleveland dugout Umpire John Rice finally did approach the mound to suggest a speed-up.

The game ended the Indians' eight game stretch against the Yankees and the Chicago White Sox. The Tribe won five of the eight, taking three of four from the Yankees and two of four from the Sox.

Gil McDougald's second-inning homer with two aboard carried the Yankees to victory Wednesday night. Terry, who went the distance, gave up eight hits.

New York was held to five by Klippstein and Jim Perry.

Tito Francona nicked Terry for a homer in the sixth and also knocked in the Tribe's other run with a first inning double.

Klippstein, who hurled the sixth and seventh innings, retired six straight Yankees. In his last three appearances, he has retired 21 consecutive batters, earning a reputation as a remarkable relief man.

The Tribe has an off-day today before opening a two-game series here Friday against the Boston Red Sox.

CHS Edged, 5-4 By Wilmington

Disaster in the 7th inning spelled defeat for Circleville's baseball team here yesterday. Visiting Wilmington punched across three runs in the final frame to take a 5-4 victory.

Circleville, scoring two runs in the first inning, held a 2-1 lead until the sixth when the Hurricane managed to deadlock things with a tally. The visitors scored three quick ones in the seventh to settle things.

CHS went ahead in the bottom half of the sixth, 3-2, on a single run. The locals came back with one marker in the bottom of the seventh, but it wasn't enough.

Hurler Danny Leonhardt went the distance for Circleville as did Marvin Gregory for Wilmington. Leonhardt walked eight, fanned three and allowed six hits.

* * *

BOTH pitchers suffered moments of wildness as Gregory also walked eight. He permitted six bingles and whiffed nine.

Circleville picked up two in the first when Bailey walked, pilfered second and came home on Harry Strawser's single. Strawser scored a minute later when Dick Kline's blast was bobbled.

The Tigers chalked another run in the sixth when pinchhitter Sam Weller singled and went to second on a wild pitch. Again Strawser delivered a single to chase Weller home.

Circleville's 7th inning tally resulted when Jim Tootle reached first on a fielder's choice and came home on Dave Smith's infield out.

Wilmington got its first run in the fourth on a single by Dwight Wallace and walks to Larry Vanscoy, Miley and Gregory. Gregory walked with the bases loaded.

Pinchhitter Ron Clairborne emerged the hero for Wilmington in the sixth by smashing a single into center to score Edwards and make the score read, 2-2. Edwards had reached first earlier on an error.

* * *

TWO walks, a single and two errors opened the way for Wilmington's three runs in the seventh. Larry Vanscoy uncorked a single with the bases loaded as the Tigers committed two miscues following the bingle.

Strawser led Circleville's hitting attack with three singles in four trips. Larry Vanscoy and Wallace had two safeties each for Wilmington.

Circleville is scheduled again today, hosting Washington C. H. at Ted Lewis Park.

Perkins Trips Favored Rosi

CHICAGO (AP) — Paolo Rosi, erstwhile No. 2 lightweight contender, may have left his fight in the gym before tangling with top-ranked Eddie Perkins in the Chicago Stadium Wednesday night.

"My legs, they just don't want to go, maybe I trained too hard," ruefully explained Rosi, a 9-5 favorite, after he dropped a unanimous 10-round decision to 23-year-old Perkins of Chicago in a nationally-televised bout.

It was just a year ago that Rosi from the Bronx, N. Y., gave lightweight champion Joe Brown a stiff battle before losing in the ninth round on a TKO because of cuts in a title match.

But Wednesday night, Rosi never got untracked against the aggressive Perkins.

Snead Sets Pace In Own Tourney

WHITE SULPHUR SPRINGS, W. Va. (AP) —If the other 63 pros didn't already suspect it, Sam Snead is ready to set them his usual pace in his 72-hole golf tournament starting today.

In his last three full fledged practice rounds, Snead whiped around the Old White course in 66, 64 and 63 strokes. Par for the 6,497 - yard course where people have been hitting golf balls since 1884 is 70.

The Slammer, who has been pro at the course for 24 years and host to 12 past tournaments, wound up a victory last year with a 63 on the Old White to win by a whopping 11 strokes over Mike Souchak. The day before, Snead took a sensational 59 strokes on his other course, the 6,397-yard Greenbrier where par also is 70.

Merchants Drop League Tilt, 5-1

The Circleville Merchants softball team dropped a 5-1 decision to B & B Grill in a Columbus A Independent league game last night.

Harry Strawser hurled for the locals. The Merchants touched enemy pitching for three hits.

Tigers Grab Second Place Behind Host Logan Chiefs

Circleville's track team ended second in the Logan Relays yesterday with 52 points, a scant one point behind host Logan's 53.

New Lexington St. Aloysius finished third with 28 points and Athens tallied 19.

Circleville suffered a serious blow during the meet when ace Junior Denny came up with a pulled leg muscle. He probably will be out for the remainder of the season.

Denny, normally a sure bet for at least three firsts, grabbed a top place in the broad jump, but then felt the effects of the pulled muscle. He finished fourth in the 100-yard dash and wasn't able to enter the 220 dash.

* * *

LARRY Hannahs brought home three firsts, leading the field in both hurdles and the shotput. He was top scorer of the meet.

Bill Reed of Circleville set a record at the Logan field with a 10' 8" effort in the pole vault. Circleville's other first place was captured by the mile relay team.

Bob Shadley was second in the half mile behind George Stump, Logan's ace distance man. Gary Vandemark brought home seconds in the 440 dash and the broad jump.

Circleville's winning mile relay team was composed of Shadley, Vandemark, Skip Hanson and Bob Hedges.

Coach John Current said Denny's injury rocked Circleville's chances of winning the meet. Athens and St. Aloysius were able to pool enough points to keep the Tigers behind the winning Chieftains.

Next competition for Circleville is scheduled Friday and Saturday in the District Meet slated at Ohio State University.

The following Friday and Saturday are the dates for the State Meet at OSU.

Girl Canoeists Sparkle in Olympic Test

WASHINGTON (AP)—The coach of the American Olympic canoeing team is more optimistic about the girls than the boys.

"The girls look like our best bets," says Ernest L. Millar of Washington.

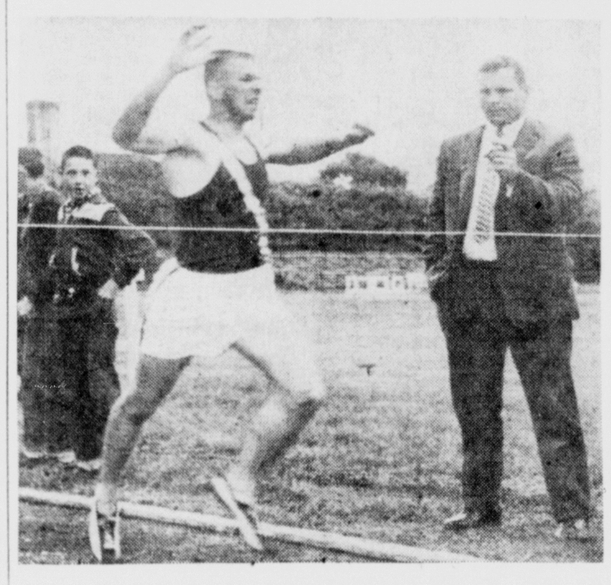

The 10 men and three women who will accompany Miller to Rome will not be selected until the Olympic trials on Lake Sebago, Bear Mountain, N. Y., July 16-17. For the most part, however, Millar has a pretty fair idea who they will be. This results from a series of Olympic preparation events over the past two years.

Among the men, Millar regards Frank Havens of Washington, the only American ever to win an individual canoeing event in the Olympics, as this country's best prospect.

Istvan Hernek of Hudson, Ohio, is even better than Havens, but he's ineligible. A Hungarian freedom fighter, Hernek is not yet an American citizen.

In the 1,000-meter kayak class one man double blades, Dave Merwin of Canton, Ohio, a member of the 1956 team, is ranked tops.

Two Hudson, Ohio, girls, Mary Ann Du Chai and Diane Jerome, are regarded as certainties for the team. The Ohioans rank far ahead in the 500-meter women's tandem double blades.

TAPE BREAKER — Pictured above is Saltcreek's Roger Clarke as he speeds past the finish line in the 440-yard dash held Friday during the Pickaway County Track Meet at Capital University, Bexley. Clarke notched first place in a winning time of :56.4. He paced the Warriors to a third place in the meet, trailing Ashville and Williamsport. (Staff Photo)

Syndicate Buys Pacing Champ

Cobb, Kirk, Others Pay Out $600,000

WESTBURY, N. Y. (AP)—A record $600,000 has been paid for Adios Butler who swept pacing's triple crown last year. The previous high sale price for a harness horse was the $500,000 paid for both Adios and Demon Hanover.

Co-owners Paige West of Snow Hill, Md., and Angelo Pellilo of Scarsdale, N. Y. announced the sale of Adios Butler, now a 4-year-old, at Roosevelt Raceway Wednesday night to a syndicate in which they have retained 20 shares.

Others in the syndicate were identified as Eddie Cobb, of Washington Court House, Ohio, who will take over the driving duties from Clint Hodgins; Charlie Keller, a former baseball star with the New York Yankees; Del Miller; Success Acres and Hunter Hill Farms of Indiana; Russell Carpenter, Woodford Lawlis, McKinley Kirk, Robert Vallery, Harry Vallery, the Myrtle Stable, Adolph Golden, John LaVezzo, the C. and M. Stable and Lewis Silverstein.

The syndicate plans to race the son of Adios-Derby Hanover by Billy Direct for two more years, then retire him to stud at the Fair Chance Farm in Washington Court House, Ohio.

Adios Butler brought only $6,000 as a yearling at the Harrisburg, Pa. sales. His earnings to date total $156,480 and he is the only one to win the pacing triple crown of the Messenger Stake, the Cane Futurity and the Little Brown Jug.

The $600,000 compares to the thoroughbred high of $1,251,200 for Nashua in 1955. Bally Ache was sold only last week for $1,250,000.

WAY-SIDE STOP—Winner of the Kentucky Derby, Venetian Way arrives in Baltimore, via plane, to go for the second leg of the Triple Crown, Preakness, May 21.

13 Blind Golfers Due In National Tourney

HEWLETT, N.Y. (AP)—Charles Boswell will play the Sewane Harbor Club golf course next Saturday without even seeing it, and he'll probably shoot in the 90s.

The genial 43-year-old from Birmingham, Ala., will be defending his national championship against a dozen other blind golfers. He's won the event 11 times in 14 years.

McDougald's 3-Run Homer Brings Victory to Yankees

By THE ASSOCIATED PRESS

Gil McDouglad's three-run homer for the New York Yankees Wednesday night beat Cleveland 4-2, and the win was New York's first victory in four tries against the Tribe. The win jumped the Yankees past the Indians into third place in the American League race.

Chicago's White Sox, still unbeaten at home in eight games, retained a half-game lead with a 6-5 decision over Boston. Baltimore reclaimed second place by defeating Kansas City 5-4 on Jackie Brandt's ninth-inning homer. Washington finally won one from Detroit, beating the Tigers 3-0 in 11 innings as Camilo Pascual ran his shutout string to 26 innings, longest in the majors this season.

McDouglad's third homer was all the Yankees needed behind Ralph Terry's eight-hit, eight-strikeout pitching. McDougald's shot followed a walk and Elston Howard's single in the second inning off losing rookie Wynn Hawkins (3-3).

Winning reliever Gerry Staley (4-1) got the clinching run home for the White Sox with a sacrifice fly in the sixth. They had come from behind against loser Frank Sullivan (1-3) with four runs in the fifth, two on Minnie Minoso's two-out double.

Gene Woodling's two-run double tied it 4-all in the seventh for Baltimore. Brandt then tagged losing reliever Leo Kiely (1-1) for his fourth homer. Rookie Steve Barber (3-1) won it in relief.

Jim Lemon's one-on homer won it for the Senators in a three-run 11th against reliever Dave Sisler (1-1) after they had been blanked on six hits for 10 innings by Jim Bunning. It was Lemon's ninth home run, tying Milwaukee's Hank Aaron for the major league lead.

Milwaukee's bombing Braves finally have gained some ground in that National League race—and they did it while being held without a home run for the first time in two weeks.

Using singles and doubles Wednesday night the Braves scored a 3-1 decision over San Francisco that handed southpaw Mike McCormick his first defeat and left the Giants in a first place tie with Pittsburgh. The Pirates gained a share of the lead by beating St. Louis 4-2. It was Pittsburgh's seventh victory in eight games.

Cincinnati defeated Los Angeles 5-4 in 12 innings in the only other game played in the NL. Chicago's game at Philadelphia was rained out.

The Braves beat McCormick, who won his first five, with a seventh inning run that broke a 1-1 tie. Reliever Don McMahon then saved it by getting Willie McCovey on a fly to center with the bases loaded in the ninth. Bob Rush (2-0) won it.

Right-hander Vern Law, who has lost one, became the first six-game winner in the majors, going all the way with a nine-hitter against St. Louis. The Cards, with manager Solly Hemus rumored on the way out, were blanked on six hits until the ninth while losing for the 14th time in 16 road games. Pittsburgh scored twice in the first, then nailed it with two in the seventh against ex-Pirate Ron Kline (1-3).

Frank Robinson made it 4-all in the 10th with his two-run homer off losing Dodger Reliever Danny McDevitt (0-1).

Bill Henry (1-1) won it with one inning of relief after Jay Hook gave up 10 hits and four runs but fanned 10 in 11 frames.

Robinson's Feats Bring Redleg Victory

CINCINNATI (AP)—Ed Bailey delivered the game-breaking hit, but if it hadn't been for Frank Robinson's feats he wouldn't have had the chance for the heroics that helped maintain the Cincinnati Reds' dominance over the Los Angeles Dodgers.

The Reds, who had a 13-9 margin over the Dodgers last year, now have won their first three games against the world champions this year.

But they had to battle 12 innings Wednesday night to get a 5-4 victory.

Robinson scored three of the five runs. His double led to an eighth inning run that tied the score at 2-2. His home run with Willie Jones on base tied it again in the 10th at 4-4 and he raced home with the winning run in the 12th on Bailey's single.

Robinson had walked and gone to second when Danny McDevitt hit Elio Chacon with a pitched ball.

Bill Henry was the winning pitcher but it was a tough break for young Jay Hook. Hook worked the first 11 innings and, although he allowed 10 hits, he also fanned 10.

He came up with courageous pitching on several occasions.

Dodger starter Stan Williams also had a "what might have been" night.

He allowed only five hits through 8 2-3 innings but finally bowed out when the Reds threatened in the ninth.

The teams wind up their short series tonight with Cal McLish of the Reds due to pitch against Sandy Koufax.

Widower Gus Cops Lebanon Feature

LEBANON, Ohio (AP)—Widower Gus came from third place in the stretch to win the featured Class C-1 trot in a photo finish with Jan Creed at Lebanon Raceway Wednesday night.

It was one of five photo finishes on the nine-race program.

Widower Gus, driven by Albert Washington of Columbus and owned by Ore Hill Stables of Bedford, Pa., was third as the field hit the top of the stretch. He squeezed past Kiss Me Kate and then nipped Jan Creed at the finish line.

The time was 2:10 and Widower Gus paid $7.40.

Royals Still In Tailspin

By THE ASSOCIATED PRESS

At one time this season the Montreal Royals had a 9-5 record and were fourth in the International League. Today, they are 9-17.

Montreal is last, two games behind Richmond, and tonight can set a club record for consecutive losses (13) if it loses to the Toronto Maple Leafs. The Leafs beat the Royals 6-2 Wednesday night.

Miami won its fourth straight, belting Richmond 12-5 to move into sixth place. Rochester reduced Buffalo's first place advantage to one game over Toronto with a 9-0 victory while Havana and Columbus played a 2-2 tie in a game called after 13 innings because of the Havana curfew.

Columbus' Tom Cheney was ahead 2-0 with a three-hitter with one out in the ninth when he was relieved by Don Williams. Williams' first pitch was belted for a tie-making, two-run homer by Borrego Alvarez.

Golfing with ALEX MORRISON
Teacher of Champions

An easy way to score better is by pocketing your false pride and using a No. 3 wood club for driving on the first few holes.

No. 3 Club Easy To Use

"Alex, which of these drivers should I use?" asked Marvin Tackett, of Rancho Santa Fe.

Marvin owns the usual collection of ball beaters. The best of them would put a champion off his game. Yet, a perfect No. 1 wood club wouldn't solve the average golfer's driving problem. This is caused by a lack of skill about swinging all clubs. Generally the player's false pride makes him ignore this and other important facts. Most of his efforts to use the driver result in failure to get anything like normal distance or direction. Most of his successful results are accidental.

The many advantages of a good start can be enjoyed simply by using a No. 3 wood club for driving. This club is relatively easy to use owning to its shorter shaft and lofted clubface.

It will afford most players at least 85 per cent of their maximum distance while keeping their tee shots on the fairway.

Syndicate Buys Pacing Champ

Cobb, Kirk, Others Pay Out $600,000

WESTBURY, N. Y. (AP)—A record $600,000 has been paid for Adios Butler who swept pacing's triple crown last year. The previous high sale price for a harness horse was the $500,000 paid for both Adios and Demon Hanover.

Co-owners Paige West of Snow Hill, Md., and Angelo Pellilo of Scarsdale, N. Y. announced the sale of Adios Butler, now a 4-year-old, at Roosevelt Raceway Wednesday night to a syndicate in which they have retained 20 shares.

Others in the syndicate were identified as Eddie Cobb, of Washington Court House, Ohio, who will take over the driving duties from Clint Hodgins; Charlie Keller, a former baseball star with the New York Yankees; Del Miller; Success Acres and Hunter Hill Farms of Indiana; Russell Carpenter, Woodford Lawlis, McKinley Kirk, Robert Vallery, Harry Vallery, the Myrtle Stable, Adolph Golden, John LaVezzo, the C. and M. Stable and Lewis Silverstein.

The syndicate plans to race the son of Adios-Derby Hanover by Billy Direct for two more years, then retire him to stud at the Fair Chance Farm in Washington Court House, Ohio.

Adios Butler brought only $6,000 as a yearling at the Harrisburg, Pa. sales. His earnings to date total $156,480 and he is the only one to win the pacing triple crown of the Messenger Stake, the Cane Futurity and the Little Brown Jug.

The $600,000 compares to the thoroughbred high of $1,251,200 for Nashua in 1955. Bally Ache was sold only last week for $1,250,000.

WAY-SIDE STOP—Winner of the Kentucky Derby, Venetian Way arrives in Baltimore, via plane, to go for the second leg of the Triple Crown, Preakness, May 21.

World War II G.I. Loans Expire July 25

Questions of interest to ex-servicemen should be given to Pickaway County Veterans Service Officer Jim Shea. His offices are in the basement of the Court House.

Q — What, exactly, is the status of G. I. Loans, both direct and indirect for World War II and Korean Veterans?

A — G. I. Loans for World War II veterans are scheduled to expire on July 25. At the same time, the direct G. I. Loan law will also expire for Korean veterans.

Korean veterans, however, may receive G. I. Loans from a private lending institution until Jan. 31, 1965. At the present time, a bill has been presented to Congress which would extend G. I. Loan benefits for the World War II veteran until Jan. 31, 1965.

It is possible that this extension may be granted. However, it is not expected that an extension of time will be given for direct G. I. Loans. After July 25, all loans will no doubt have to be made through a private lending institution.

Q — DOES THIS new law which goes into effect July 1st, have any effect on the pensions being received by a Spanish American War veteran or his widow?

A — The new pension law will have no effect on Spanish American War veterans or their widows.

Q — Is the wife of a veteran entitled to burial in Arlington National Cemetery if she should predecease her husband?

A — Yes. However, the veteran at the time of the demise of his wife must sign papers indicating his intent to be buried along side of her. Also, the veteran's request for burial should be renewed every two years. This also is true if the veteran should predecease his wife.

Q — Is it true that a veteran with a 40 per cent rating for a service - connected disability is entitled to additional money from the VA if he had dependents?

A — That is false. Under the present law, only those veterans who have a 50 per cent rating or more for a service-connected disability are entitled to additional money for dependents. However, a new bill is being considered by congress at the present time which would lower this percentage to 40 per cent.

* * *

Q — IS IT POSSIBLE for a World War II veteran, who has G. I. term insurance, to borrow money against the policy after it has been in effect for one year?

A — It is not possible to borrow money against G. I. term insurance no matter how long it has been in effect. Money can only be borrowed against a permanent plan government insurance policy.

After a permanent plan policy has been in force one year, it will have built up enough reserve that it would be possible to borrow on it. The amount after one year would be small however.

Election Board Names Expense Filing Deadline

All local May 3 primary election candidates and committees must file statements of receipts and expenditures with the Pickaway County Board of Elections by 4 p. m. on June 17.

This announcement was made today by election board officials. Candidates or committees failing to file statements will be ineligible to run for public office for five years.

The one exception to the statute applies to uncontested central committeemen candidates, who need not file. But where committeemen had opposition, they must file.

Water Safety Registration Starts Friday

Circleville and Pickaway County residents today are reminded that registration for the County Chapter of the American Red Cross' Water Safety Program will be tomorrow and Saturday.

Hours are from 9:30 a. m. until 4 p. m. Registration will be held in the local chapter's executive secretary's office, 114½ N. Court St.

All children over seven and adults are invited to participate in the swimming instruction. The program will start the latter part of June.

Business Briefs

Billy E. Lockard, 25, of 310 Logan St., has received a certificate for completing advanced training on pushbutton telephone systems at General Telephone Co.'s plant school at Marion. An installer-repairman, Lockard serves customer in the Circleville district. He has been with the company for seven years.

Ashville Council To Buy Equipment

Ashville village council devoted most of its Monday bi-monthly meeting to inspecting village Fire Department equipment.

Chief Ed Cummins asked council to inspect the equipment which various members of the department are forced to use.

Mayor Richard Bozman and council unanimously decided to purchase new equipment for the regular firemen. Their equipment then will be worn by the auxiliary firemen.

Assistant clerk, George Forquer, was directed to write Morning Pride Manufacturing Co., Dayton, to have a representative at council's June 6 session with the idea in mind of possibly buying fire department equipment at that time.

CURBS AND gutters on Powell St. were discussed by council. A survey of the area was requested by Mrs. Wardell and Lewis Eccard.

Jess Baum, surveyor, has been contacted, but has not made the survey to date.

Recently council decided to have bids re - submitted on its village street lighting project. Bids on a multiple unit of lights instead of a series unit are due at 1 p. m. on May 31.

Bids were originally submitted on the series unit lights. Once the multiple unit bids are in, a comparison of price will be made and the decision rendered.

Bike Tire Taken

Cheryl Brooks, 1234 Wheeler Ave., told local police today that a bicycle tire was taken.

Farm Bureau Date Named

August 11th was selected as the date for the second annual summer meeting of the Pickaway County Farm Bureau. The board of trustees selected the date at the regular May meeting last night at the Farm Bureau home here.

This year's meeting will begin with a chicken barbecue. Serving will be from 6 to 8 p. m. and a short program will follow. Plans for the place and program will be announced in the near future.

In other action the board approved an optional plan of group Hospitalization which is available to Farm Bureau. Members along with basic plan which went into effect last August. An open enrollment period during the month of May provides an opportunity for any active Farm Bureau Member to apply for either the basic plan or the optional program. Members should contact the local Farm Bureau office or their Nationwide Insirance Agent for further details.

Miss Ethel Brobst reported on the recent Farm Bureau Womens Tour to Dayton. Thirty - three ladies enjoyed the annual event.
